Jury may adopt new districting plan

The Cameron Parish Police Jury may adopt a reapportionment plan at its monthly meeting set for 5 p.m., Monday, April 1.

The plan that may be adopted is one that one would add a seventh juror and create a new jury district in the Big Lake area.

Parish Administrator Tina Horn said the advantage of this plan is that, with a few exceptions, it leaves the present jury districts as they are now.

Should the plan be adopted, it will be different from the reapportionment plan recently adopted by the School Board which retained six districts but changed the boundaries resulting in two of the current school board members being in the same district.

In other business Monday the Police Jury plans to honor the Hackberry girls basketball team for winning a state championship and several parish wrestlers who won state matches.

At a special meeting held Monday the jurors approved emergency repairs to a bridge in the Klondike area costing \$16,000.

Jurors also lifted their hiring freeze to replace two road employees in Districts 5 and 3

who gone to other jobs.

The jury approved advertising for bids for renovation of the old Cameron State Bank branch at Johnson Bayou which will be used as a branch of the parish library.

The jury will also consider recreation of an Industrial Development Board which was dissolved in 1977. The board would seek to bring new industries and businesses to the parish.

Highway being resurfaced here

Route LA 82 between Oak Grove and Grand Chenier will be resurfaced. The contractor, R. E. Heidt Construction Company anticipates beginning work March 25. Isolated lane closures will occur daily at the work site.

Throughout the construction zone, speeds will be reduced.

This information has also been entered on the road closure page at the dotd web site: www.dotd.state.la.us. This information will be updated regularly as work progresses.

Another West Nile virus case found

A recently confirmed case of West Nile virus in a dead cardinal in Baton Rouge is further indication the disease has reached Louisiana and isn't going to go away, experts say.

An earlier case was found at Johnson Bayou in Cameron Parish.

"It's here to stay," said Dr. Michael Perich, a medical entomologist with the LSU AgCenter.

Now, Louisianians will have to be prepared to deal with the

disease.

If it follows the course of similar viruses, Perich said it likely will be found first in birds, then move to horses and finally to people.

"West Nile virus is something to be concerned about, especially for people over 60-65 and with other health issues," said Perich.

He said that 70 percent to 80 percent of people who contract the disease won't even know they're sick. Others may suffer

Seth Theriot

Theriot to compete in national meet

Seth Theriot, a South Cameron High School 171 pound senior wrestler, will compete in the National High School Seniors Wrestling Championships April 5-7, in Cleveland, Ohio.

To be eligible a wrestler must be a senior in high school and a state champion or runner-up. Theriot finished as runner-up his junior year and runner-up this year in a match which went into overtime against a Redemptorist wrestler Theriot had beaten earlier this season.

The top eight place fisheries in each weight class will receive awards as well as official recognition as High School Senior All-Americans.

Seth is coached by Pat Mahoney of Baton Rouge High School.

1st offshore well was here

By GENEVA GRIFFITH

Cameron Parish has played an early role in the discovery and drilling for oil in the Gulf of Mexico, according to Minerals Management Service.

In 1938 the first discovery well was drilled in 14 feet of state waters offshore from about 10 miles east of the town of Cameron, and can be seen from the Trosclair, or Front Ridge Road. The well was drilled from a 100 X 300 foot platform secured to a foundation of timber piles.

The first well drilled from a fixed platform almost out of sight of land in federal waters was in 1947.

From those first wells, exploration jumped dramatically and today the offshore industry is venturing in water depths exceeding 10,000 feet.

only mild symptoms.

Like St. Louis encephalitis and other related diseases, symptoms are similar to those of influenza and are frequently dismissed as the flu, said Perich, who is an expert on mosquitoes - insects that spread the disease.

Only when people become ill enough to see a doctor is the disease diagnosed. And because it's caused by a virus, Perich added, there's no cure other than the body's immune system.

The virus is spread by mosquitoes that feed on infected birds - primarily blackbirds, blue jays and cardinals, Perich said.

"We don't know which species of mosquito carry the virus in Louisiana," Perich said, adding there are 34 species in the United States that have been linked to the West Nile virus.

Because there is no "off season" for mosquitoes in Louisiana, all mosquito abatement districts in the state are extremely aware of the virus, the LSU AgCenter entomologist said.

"They're all doing an outstanding job of monitoring," he said.

LSU AgCenter veterinarian Dr. Steve Nicholson said the West Nile virus is a bigger threat to horses - with about a 40 percent mortality rate.

"People need to get their horses vaccinated for encephalitis every year," he said. "Getting the vaccine for West Nile virus will become part of the horse management routine."

A DOVER FLYING SERVICE helicopter is shown being prepared to apply herbicide to infestations of giant salvinia which have overwhelmed some of Cameron Parish's waterways.

Aquatic weed is being sprayed here

The first large scale attack on the giant salvinia infestation in a drainage system just north of Cameron was launched Saturday morning. Dover Flying Service of New Iberia was contracted by the Cameron Parish Police Jury to aerially apply the herbicide. Reward, the chemical used to control giant salvinia, is labeled for aquatic uses and is not toxic to aquatic life. It is a contact herbicide, which is quickly bound to organic matter and soil particles in the water and is quickly broken down by sunlight. However, the herbicide which lands on the plant's leaf surface, acts as a desiccant, quickly drying up and killing the plant.

Two more strategies are also being planned to control giant salvinia in the drainage system. The Cameron Drainage board

which is responsible for managing water levels in the system is attempting to lower water levels in the system in order to allow salt water from the Calcasieu ship channel to enter the system and kill the plants. The other option being studied by the LSU Agcenter is the possibility of introducing a weevil which feeds on the plant keeping it in check. Studies are currently underway to measure the effectiveness of the weevil on giant salvinia. The weevil is salvinia specific and is not known to feed on other vegetation. A release site is being monitored in Cameron.

Giant Salvinia, Salvinia molesta was first identified in the marshes and canals just north of the town of Cameron in November, 2001. This is only the second confirmed finding of giant

salvinia in Louisiana after being found several years ago in Toledo Bend. Its smaller cousin the Common Salvinia, Salvinia minima has been growing unchecked in coastal Louisiana since the early 1980's.

Giant salvinia is much more damaging than its smaller cousin because of its ability to grow into dense mats that can cover entire water bodies with a thick layer of vegetation. These mats smother native plants by blocking the penetration of sunlight into the water. Other consequences of giant salvinia are reduced dissolved oxygen in waters shaded out causing fish kills and reduced production of submerged aquatic plants due to shading. This severely reduces the value of an area for waterfowl habitat. Solid mats of giant salvinia may also reduce or eliminate boating and fishing opportunities simply because boats are not able to push through the thick mats. These mats could clog drainage canals causing widespread flooding damage. They may also have devastating impacts on rice production by clogging canals used as surface water irrigation sources. Potential impacts of giant salvinia in rice production fields could also be devastating. It could also adversely impact crawfish and catfish production.

Giant salvinia is fairly easy to identify. The oblong floating leaves are one-half to one and one half inch long. This is quite a bit larger than its cousin the common salvinia. The young plant's leaves lie flat on the water similar to the common salvinia in size and appearance, however as the giant salvinia grows and matures the leaves begin to fold upward and inward. Both species of salvinia have many small spike like hairs on the upper leaf surface. The giant salvinia's hairs split into four prongs that rejoin at the tips to form a structure that resembles an eggbeater or cage. The four prongs on common salvinia do not rejoin at the tip.

Anyone finding areas of giant salvinia growing is asked to call the Louisiana Department of Wildlife and Fisheries at (337)373-0032, or the LSU AgCenter at (337)491-2065.

Aid is offered victims of domestic violence

Every 9 seconds a woman is beaten by an intimate partner. In families where battering occurs, children are 70% more likely to be physically abused and or neglected. Domestic violence is a problem of huge proportions in our society. The only way to combat domestic violence is for everyone to get involved.

Not all victims of domestic violence reach out to a domestic violence program for help. In fact, it is more likely that a victim will first reach out to someone in the community: pastors, and churches, social service agencies, schools, law enforcement, health care, the judicial system, child protection, employers, neighbors, and or friends.

Whether a victim gets help depends on the response of these individuals. Therefore, it is important that everyone is available to help. The Cameron Parish Outreach Office has developed a forum for involving the community on issues of domestic violence. The Cameron Parish Coordinated Community Response Team meets monthly to address the problem of domestic violence in our parish.

If you or someone you know is

being abused, services are available. Contact 515-9295 or page 493-6116 and ask for Angela Jouett. All conservation are confidential.

Community Response team meetings are held the third Thursday of every month in the Grand Lake Multipurpose Building from 12 to 1. Lunch is provided. Interested persons are invited.

Absentee vote is this week

Absentee voting for the April 6 School District 4 election is being held this week in the Registrar of Voters office in the basement of the courthouse.

Voting will be from 8:30 a.m. to 4:30 p.m. Monday-Thursday and from 8:30 to noon on Saturday. The office will be closed on Good Friday.

Sheila Conner and Dorothy Theriot are candidates in the special school board election.

Several tax renewals will be coming up during another election on May 4. The last day to register to vote in this election will be April 3.

IN OBSERVANCE of Retired Teachers Month the Cameron Parish School Board honored retired School Superintendent Sonny McCall at the March board meeting. Above, board president Pat Howerton, left, congratulates McCall.

Calcasieu Parish Police Jury Calcasieu Parish Consortium- Workforce Investment Board (WIB)

LEGAL NOTICE Youth Services Coordinator Bidding Announcement

Request for Proposal (RFP) ANNOUNCEMENT This is to announce that the Workforce Investment Board (WIB) will be accepting proposals from agencies or individuals to provide a Youth Services Coordinator to provide for the coordination of comprehensive services to Youth ages 14-21. Services will be delivered in Calcasieu, Cameron, and Jefferson Davis Parishes for the Local Workforce Area 51 in accord with the Workforce Investment Act (WIA) of 1998.

The intent of the WIA is to incorporate an enhanced case management approach tailored to the comprehensive nature of the required building blocks in the WIA program design. Funding under the Request for Proposal is intended to create a Youth Services Coordinator unit with the responsibilities to assist young people in tapping into services they need, guide the young person through the maze of community services, and coordinate multiple service providers toward a common goal '96 the young success.

The Youth Services Coordinator will function as a youth advocate on behalf of all funded programs, making certain that the subcontractors meet the needs of the youth. The entity/individual awarded this contract must identify staff to lead the young person through the service pathway and build a comprehensive system to access and track services. Staff serving in this position will provide this function to all youth enrolled in WIA services, will become a partner with the subcontractors awarded a contract. The entity (staff/individual) should be housed at the Comprehensive One-Stop Career Center in Calcasieu Parish.

The Youth Services Coordinator staff will assume primary responsibility for outreach, recruitment, eligibility determination, client data tracking through a management information system (MIS), initial and coordination of on-going assessment, the development of the Individual Service Strategy, case management, referrals to the appropriate services, development of a Youth Mapping system, development of a Youth Packet for distribution by police or school counselors and other services as needed to assist youth to become successful.

Qualifications: The Agency or Individual should possess demonstrated ability in operating a workforce development program targeted for youth ages 14-21; networking/working with schools, community-based organizations, and businesses or employers; preparing individual service plans for youth; conducting assessment for education, skills, aptitude, supportive service needs, etc. eligibility determination for targeted youth; customer data documentation utilizing centralized management information system, etc.

Eligible Youth include youth who are 14-21 years of age. Youth must meet the criteria for low income and they must meet one or more of the following characteristics: Deficient in Basic Literacy Skills; School Dropout; Homeless, Runaway, or Foster Child; Pregnant or Parenting; Offender; Individuals who Require Additional Assistance to Complete an Educational Program, Member of a Family Receiving Public Assistance.

Bidders' Conference: The RFP may be obtained at the Bidders Conference scheduled for Thursday, March 21, at the Calcasieu Parish Office of Community Services located at 2424 Third Street in Lake Charles, LA. One conference will be at 9 a.m. and another at 2:00 p.m. Interested agencies unable to attend the conference may pick up an RFP any time after the Bidder's Conference at the Workforce Investment Board Office located at 909 Lakeshore Drive in Lake Charles, LA. One-on-One Workshops will be provided (by appointment) to assist with the RFP.

DUE DATE The RFP must be completed and submitted to the Workforce Investment Board by 12:00 NOON on Friday, May 3, 2002 for funding consideration.

Evaluation and Award: Each proposal received will be evaluated by a Committee of the Youth Council and Workforce Investment Board (WIB) Staff. Projects will be awarded based on availability of WIA funding, impact of a reduction in funding requests in proposals (should such a reduction be required), and on achieving a standard score designated by the Youth Council Review Committee. Awards will be made at a Public Meeting of the Workforce Investment Board (WIB) scheduled for June 20, at 11:30 a.m. at a location to be announced. All those submitting proposals as well as the general public is invited to join us for a "Dutch-treat" lunch.

Disclaimer: The Workforce Investment Board reserves the right to cancel in part, or in its entirety, this Procurement based upon the best interests of the Board. The Board also reserves the right to reject any non-responsive proposals. Any programs awarded are based upon actual receipt of and availability of funds provided through the Workforce Investment Act (WIA).

Contact Persons: Questions on the proposal or the proposal process should be directed to Juanita Poland, Planner, or Jean M. Augustine, Director, of the Workforce Investment Board by calling (337) 437-3384.

The Workforce Investment Board is an Equal Opportunity Employer/Program. Auxiliary aids are available to the disabled upon request. The Calcasieu Parish Police Jury sponsors the program.

Youth must meet the criteria for low income and they must meet one or more of the following characteristics: Deficient in Basic Literacy Skills; School Dropout; Homeless, Runaway, or Foster Child; Pregnant or Parenting; Offender; Individuals who Require Additional Assistance to Complete an Educational Program, Member of a Family Receiving Public Assistance.

Bidders' Conference: The RFP may be obtained at the Bidders Conference scheduled for Thursday, March 21, at the Calcasieu Parish Office of Community Services located at 2424 Third Street in Lake Charles, LA. One conference will be at 9 a.m. and another at 2:00 p.m. Interested agencies unable to attend the conference may pick up an RFP any time after the Bidder's Conference at the Workforce Investment Board Office located at 909 Lakeshore Drive in Lake Charles, LA. One-on-One Workshops will be provided (by appointment) to assist with the RFP.

DUE DATE The RFP must be completed and submitted to the Workforce Investment Board by 12:00 NOON on Friday, May 3, 2002 for funding consideration.

Evaluation and Award: Each proposal received will be evaluated by a Committee of the Youth Council and Workforce Investment Board (WIB) Staff. Projects will be awarded based on availability of WIA funding, impact of a reduction in funding requests in proposals (should such a reduction be required), and on achieving a standard score designated by the Youth Council Review Committee. Awards will be made at a Public Meeting of the Workforce Investment Board (WIB) scheduled for June 20, at 11:30 a.m. at a location to be announced. All those submitting proposals as well as the general public is invited to join us for a "Dutch-treat" lunch.

Disclaimer: The Workforce Investment Board reserves the right to cancel in part, or in its entirety, this Procurement based upon the best interests of the Board. The Board also reserves the right to reject any non-responsive proposals. Any programs awarded are based upon actual receipt of and availability of funds provided through the Workforce Investment Act (WIA).

Contact Persons: Questions on the proposal or the proposal process should be directed to Juanita Poland, Planner, or Jean M. Augustine, Director, of the Workforce Investment Board by calling (337) 437-3384.

The Workforce Investment Board is an Equal Opportunity Employer/Program. Auxiliary aids are available to the disabled upon request. The Calcasieu Parish Police Jury sponsors the program.

Request for Proposal (RFP) ANNOUNCEMENT This is to announce that the Workforce Investment Board (WIB) will be accepting proposals from agencies or individuals to provide a Youth Services Coordinator to provide for the coordination of comprehensive services to Youth ages 14-21. Services will be delivered in Calcasieu, Cameron, and Jefferson Davis Parishes for the Local Workforce Area 51 in accord with the Workforce Investment Act (WIA) of 1998.

The intent of the WIA is to incorporate an enhanced case management approach tailored to the comprehensive nature of the required building blocks in the WIA program design. Funding under the Request for Proposal is intended to create a Youth Services Coordinator unit with the responsibilities to assist young people in tapping into services they need, guide the young person through the maze of community services, and coordinate multiple service providers toward a common goal '96 the young success.

The Youth Services Coordinator will function as a youth advocate on behalf of all funded programs, making certain that the subcontractors meet the needs of the youth. The entity/individual awarded this contract must identify staff to lead the young person through the service pathway and build a comprehensive system to access and track services. Staff serving in this position will provide this function to all youth enrolled in WIA services, will become a partner with the subcontractors awarded a contract. The entity (staff/individual) should be housed at the Comprehensive One-Stop Career Center in Calcasieu Parish.

"EXHIBIT A" NOTICE OF SPECIAL ELECTION

Pursuant to the provisions of a resolution adopted by the Cameron Parish Police Jury, the governing authority of Fire Protection District No. Nine, Cameron Parish, Louisiana, on February 4, 2002, NOTICE IS HEREBY GIVEN that a special election will be held in Fire Protection District No. Nine, Cameron Parish, Louisiana, on Saturday, May 4, 2002, and that at said election there will be submitted to all registered voters of said Parish qualified and entitled to vote at the said election under the Constitution and laws of the State of Louisiana and the Constitution and laws of the United States, the following Proposition, to-wit:

PROPOSITION
SUMMARY: AUTHORITY FOR FIRE PROTECTION DISTRICT NO. NINE TO COLLECT, FOR 10 YEARS, A TAX OF TWO AND FIFTY-FOUR HUNDREDTHS MILLS PER ANNUM FOR THE PURPOSE OF OPERATING AND MAINTAINING THE DISTRICT'S FIRE PROTECTION FACILITIES AND PAYING THE COST OF OBTAINING WATER FOR FIRE PROTECTION PURPOSES, INCLUDING CHARGES FOR FIRE HYDRANT RENTALS AND SERVICE IN SAID DISTRICT.

Shall Fire Protection District No. Nine of the Parish of Cameron, be authorized to levy a tax of two and fifty-four hundredths (2.54) mills on the dollar of assessed valuation on all property subject to taxation in said District, for a period of ten (10) years, commencing with the year 2003, for the purpose of operating and maintaining the District's fire protection facilities and paying the cost of obtaining water for fire protection purposes, including charges for fire hydrant rentals and service in said District?

NOTICE IS HEREBY FURTHER GIVEN that said special election will be held at the polling places set forth below, all situated within Fire Protection District No. Nine, Cameron Parish, Louisiana, which polls will open at six o'clock (6:00) a.m. and close at eight o'clock (8:00) p.m., in compliance with the provisions of Section 541 of Title 18 of the Louisiana Revised Statutes of 1950, as amended (R.S. 18:541):

ELECTION DISTRICT 4; PRECINCT 1, GRAND CHENIER FIRE STATION, ALL, GRAND CHENIER, LOUISIANA

ELECTION DISTRICT 4; PRECINCT 2, AMERICAN LEGION HALL, ALL, GRAND CHENIER, LOUISIANA

ELECTION DISTRICT 4; PRECINCT 3, MURIA FIRE STATION, EAST CREOLE, LOUISIANA

ELECTION DISTRICT 5; PRECINCT 1, CREOLE MULTIPURPOSE BLDG., PORTION, CREOLE, LOUISIANA

NOTICE IS HEREBY FURTHER GIVEN that the said special election will be held in accordance with the provisions of the Louisiana Election Code (Title 18 of the Louisiana Revised Statutes), including Chapter 6-A thereof, and other constitutional and statutory authority supplemental thereto. Such officers appointed to hold the said election, and such substitutes therefor as are selected and designated in compliance with law, will make due returns thereof to the Clerk of Court of Cameron Parish and to the Cameron Parish Police Jury, the governing authority of said District.

NOTICE IS HEREBY FURTHER GIVEN that the commissioners-in-charge duly certified by the Clerk of Court of Cameron Parish and selected by the Parish Board of Election Supervisors as provided for in R.S. 18:433, as amended, are hereby designated as the commissioners-in-charge to serve at the polling places designated in the election herein called. The commissioners of election and alternate commissioners of election shall be appointed by the Cameron Parish Clerk of Court, in accordance with R.S. 18:1286, as amended.

All registered voters of Fire Protection District No. Fifteen, Cameron Parish, Louisiana are entitled to vote at said special election and voting machines will be used in the conduct of the election.

THUS DONE AND SIGNED on this, the 4th day of February, 2002.

APPROVED:

CAMERON PARISH SCHOOL BOARD
P. O. BOX 1548
CAMERON, LA 70631
NOTICE OF PUBLICATION
By virtue of and in conformity with the procedures of Section 151 through 158 of Title 30 of the Louisiana Revised Statutes of 1950, as amended, sealed bids will be received at the office of the Cameron Parish School Board in Cameron, Louisiana, on or before the 15th day of April, 2002 at 4:00 p.m., at which time all bids received will be opened by the Cameron Parish School Board for a lease covering the oil, gas, sulphur, potash, and/or other liquid gaseous hydrocarbon mineral rights in, to and under the following described property:
Section 16, Township 15 South, Range 15 West, Cameron Parish, Louisiana, containing 640.0 acres, more or less.
Bids may be for the whole or any particularly described portions of the tract advertised herein.
All bids are to offer a CASH PAYMENT, one-half (1/2) of which is to be bonus as full and adequate consideration for every right granted by the lease and one-half (1/2) of which is to be rental for the first year of the lease, for a lease having a primary term which shall not exceed three years. ANNUAL RENTAL for the second and third years shall not be less than the aforesaid cash payment. The lease is to be granted without any warranty or recourse against lessor whatsoever, either expressed or implied, not even for return by lessor of any payments received under the lease or being otherwise responsible to lessee. Minimum royalties shall be one-fourth (1/4) of all oil and gas produced and saved or utilized; one-eighth (1/8) of the value per long ton of sulphur produced and saved which shall yield not less than \$2.00 per long ton; one-eighth (1/8) of the value per ton for all potash produced and saved; which shall yield not less than ten cents (\$.10) per ton; and one-fourth (1/4) of all other minerals produced and saved.
All leases awarded shall be executed upon terms and conditions provided in the current Cameron Parish School Board lease form with all applicable riders appended thereto, including Approved Rider for Attachment to State Agency Lease Forms, and including, but not limited to, provisions as follows: Should lessee fail to begin the actual drilling (spudding in) of a well on the lease premises within one year from the date of the lease, the lease shall terminate as to both parties to the lease, unless on or before such anniversary date, lessee shall pay a delay rental [which shall in no event be less than the aforesaid cash payment offered for the lease], which shall cover the privilege of deferred drilling operations for a period of one year. Upon like payments annually, drilling operations may be further deferred for successive periods of one year each during the primary term of three years. The lease shall provide for drilling of offset wells where necessary to protect the Board's interest and shall contain the provisions against the assignment of sublease of the lease unless approved by the School Board. The lessee shall have the right to enter into pooling or unitization agreements with respect to development of the leased premises subject to the approval of the School Board. The Lessee shall not have the right to conduct geophysical or seismic activities or exploration on the leased premises under this lease. Such activities may be conducted only if a separate written contract or permit is granted to Lessee by the Cameron Parish School Board for which additional rights separate and additional consideration shall be paid.
Any lease granted hereunder shall be on the regular current Cameron Parish School Board lease form with Approved Rider for Attachment to State Agency Lease Forms and shall be subject to the approval of the State Mineral Board. A copy of the said lease form and rider are available for inspection at the office of the Cameron Parish School Board in Cameron, Louisiana. Certified check, bank money order, or cashier's check, payable to the Cameron Parish School Board for the full amount of the bonus, shall accompany and be submitted with each bid; and no bid was submitted may be thereafter withdrawn or canceled; and the cash bonus accompanying the bid of the successful bidder shall be forfeited to the Cameron Parish School Board should he not return the written lease, duly executed, within twenty (20) days after his receipt of the same.
The Cameron Parish School Board reserves the right to reject any and all bids and to grant a lease on any portion of the tract advertised for a price not less than proportionate to the best bid offered for the lease on the entire tract.

RESOLUTION
WHEREAS, the Cameron Parish School Board has received an application to advertise for bid for a lease for oil, gas, and other minerals from Basin Properties, Inc. covering the following described tract of land:
Section 16, Township 15 South, Range 15 West, Cameron Parish, Louisiana, containing 640.0 acres, more or less.
WHEREAS, said application was accompanied by a certified check in the amount of \$500.00 payable to the Cameron Parish School Board, as required by law, and
WHEREAS, the Cameron Parish School Board is desirous of advertising for bid the above described tract of land as requested.
NOW, THEREFORE BE IT RESOLVED that the Cameron Parish School Board does hereby authorize and request its Superintendent, Judith Jones, to advertise, pursuant to the terms of R.S. 30, Sections 151 through 158 as amended, for an oil, gas, and mineral lease, covering and affecting the following described tract of land:
Section 16, Township 15 South, Range 15 West, Cameron Parish, Louisiana, containing 640.0 acres, more or less.
Said advertisement shall further provide that said bids shall be received on or before the fifteenth (15th) day of April, 2002 at 4:00 p.m. at the office of the Cameron Parish School Board, and that the Cameron Parish School Board reserves the right to reject any and all bids.
BE IT FURTHER RESOLVED, that Judith Jones, Superintendent of the Cameron Parish School Board, is empowered to do each and every thing that is necessary to carry out the intents and purposes of this resolution and that such actions are hereby approved and ratified as actions of this Board.
Adopted and approved the eighteenth (18th) day of March, 2002.

Cameron Outdoors Livestock exhibitors get jackets

By Loston McEvers

It seems Old Man John Winter told Missy Spring that it wasn't her time yet, anyhow March 20 was supposed to be the first day of Spring. It was sort of like June Summer carried over into Goldie Autumn, and held Old Man Winter back, so now it's her turn at getting back at Missy Spring.

We've seen another cold spell again last week for a couple of days, and now we really wonder, is winter going to be over. Well Easter is early this year so maybe if we don't become an April Fool, spring might make it in.

April is around the corner and Daylight Saving Time is on Sunday, April 7. If you have a private fish pond, it's time to start weed control. Calcasieu Lake should see peak ingress of brown shrimp post larvae. Commercial Menhaden season opens April 15. We'll see large spawning size black drum enter into our rivers and inlets, and the alligator snapping turtles will begin to lay their eggs. Male alligators bellow in our marshes, as breeding time is near. Osprey begin nesting in the south of our state, and if you're in toledo towards the end of April, it'll be peak crappie spawn time.

Toledo Bend is hot right now as bass are in the spawning cycle, they're moving to the shallows. Good baits are 3/8 to 1/2 ounce spinner baits, (chartreuse & white), crankbaits and rattle-traps. There's still worm and lizard fishing but lots of today's anglers are using tubes, which are becoming popular.

The Big Burn produced some nice two pounders last week, before the front came through. Spinner baits were the things and the bass were hungry.

Rockefeller Refuge still hot on red fish, while a few speckle trout hitting in Big Lake.

Lots of anglers all braving the offshore waters, catching a mix of fish, but most anglers are waiting for April 21 for red snapper season to open. When anglers make a trip for red snapper, it's an expensive event, as only four snapper, 16 inches in length may be taken per angler.

I'm told by not only sports-fishermen, but by commercial fishermen as well, that small red snapper should be allowed, as many are caught, returned to the waters but float up right away or die later. I for one angler would just as soon eat a 12 inch red snapper as a larger one. This same thing holds true when you're catching red fish. Many of the fish are released, but die. Now tell me, what's better eating than a "Rat Red" 12 to 16 inches long or a 27 or better red fish.

CRAPPIE

There were some nice crappie (white perch) caught this past week in the Big Burn. This is one of the best eating freshwater fish.

Crappie, also known as sac-au-lait or white perch are an incredibly popular fish here in Louisiana. (Florida anglers call them spec's). Crappie is so popu-

lar a fish here in Louisiana that the Louisiana Legislature declared them to be the official state freshwater fish in 1993. There has always been lots of pressure on crappie fishing, but in recent years, crappie fishing tournaments have become more common, putting even more pressure on this fish.

In an effort to see just how much pressure crappie tournaments put on crappie populations, biologists with the Texas Parks & Wildlife Department worked with a 60 day "Crappiethon USA" fishing contest in Lake Texanna, a 90 thousand acre reservoir on the Texas-Oklahoma border under Crappiethon rules, contestants were required to buy badges and return any crappie tagged for the tournament alive to any local participating business for randomly determined rewards ranging from \$25 to \$50,000.

In two years 1470 crappie were tagged. Tagged fish reported alive by Crappiethon tournament anglers in two years were 7912 anglers with 618 tagged crappie. Only 1/3 of all crappie fishermen on the lake took part so it was determined that 41 percent of the lake's population over 10 inches in the first year and 30 percent in the second year were caught. Adjustments were made for dead crappie not reported and non-contestants not reported.

Results were that tournament harvest of crappie can be high and may impact these fish in a body of water, but that the fish were not overfished.

DATES TO REMEMBER

- April 3 - Lemesche Bass Club meets - KC Hall, Creole - 6:30 p.m.
- April 7 - Lemesche Bass Club tournament - Sunday, Amoco, draw at meeting.
- April 11-13 - Southwest La. Bird Festival, Lake Arthur.
- April 21 - Oct 31 - Red snapper sports season, limit 4, 16 inches in length.
- May 25 - Sept 2. CCA statewide tournament and anglers rodeo. 225-952-9200.
- DAYTIME FISHING TIMES**
 - Fri., Mar. 29 - 11:30 a.m. & 1:30 p.m.

At the monthly meeting, the Hackberry Jr. 4-H Club was treated to snack mix after watching a demonstration by Lori Beth Shove on making the mix. Assisting in the demonstration was Kelsey Helmer.

Brittany Thomas gave a project talk on Challenge Camp. Members showing livestock and receiving jackets, donated by Jim Bel, were Whitley Reed, Kelsey Helmer, Lori Beth Shove, Nicholas Wolfe, Megan Swire, Shawn Eubanks, Annie Alexander, Steven Welch and Alex Backlund.

The members showing market animals also received their pictures with the buyers.

Members were reminded of dates of upcoming activities by their leaders. They are: Achievement Day program covers due April 8; Achievement Day, April 13; 4-H Camp applications due April 15; and Awards Night, April 19.

The club will also plant a tree on Arbor Day, April 26. It was announced that funding had been secured to purchase materials and supplies to expand work on the school court yards. Work will begin soon. A day after school each week will be designated as court yard work day. Parents are invited to participate in this activity.

Reports were also given by Natasha Hicks, Darra East, Sarah White, Kelsey Helmer, Lori Beth Shove and Drew East. Agent Penny Thibodeaux went over the Clover with the members and agent Mike LaVergne demonstrated flag etiquette.

NOTICE OF PUBLICATION
OFFICE OF MINERAL RESOURCES
ON BEHALF OF THE STATE MINERAL BOARD
FOR THE STATE OF LOUISIANA
BATON ROUGE, LOUISIANA 70821

By virtue of and in conformity with the provisions of Sub-part A of Chapter 2, Title 30 of the Louisiana Revised Statutes of 1950, as amended, and other applicable laws, sealed bids will be received in the Office of Mineral Resources, LaSalle Office Building, Baton Rouge, Louisiana (P. O. Box 2827, Baton Rouge, LA 70821) on or before 12:00 noon on Tuesday, May 7, 2002 for a lease to explore, drill for and produce oil, gas and any other liquid or gaseous minerals in section one (1) of the following described tracts (Tract Nos. 34394 through 34452 inclusive) to be opened publicly Wednesday, May 8, 2002 in the LaSalle Office Building, 617 N. 3rd Street, Capitol Complex, Baton Rouge, Louisiana.

All bids shall offer a "Cash Payment" bonus, as set forth on the authorized bid form, for a lease having a primary term of one (1) year with said lease to be an initial term of one (1) year and the said bonus shall maintain the lease in full force and effect for the first year. If the bid offers an ANNUAL DELAY RENTAL, which is mandatory for leases with terms of more than one (1) year, it shall not be for less than one-half (1/2) of the Cash Payment bonus bid and any bids containing an annual delay rental of less than one-half (1/2) of the Cash Payment bonus shall be increased to the one-half (1/2) amount. Any lease granted shall be without warranty or any recourse whatsoever, either express or implied, against Lessor with regard to questions of title, not even for the return by Lessor of any payments received under the lease or being otherwise responsible therefore to Lessee. Under LSA-R.S. 30:127, the Minimum Royalty bid cannot be less than one-eighth (1/8) of all oil, gas or other liquid or gaseous minerals in solution and produced from the well and saved or utilized. Rights to geothermal resources, free sulphur, potash, lignite, salt and other solid minerals are to be excluded from any oil or gas mineral lease and any bid purporting to include those rights will be disregarded as to the extent of those rights only. All bidders are notified that the Mineral Board does not obligate itself to accept any bid, and that acceptance is at the sole discretion of the Mineral Board which reserves the right to reject any and all bids or to grant a lease on any portion of the tract advertised and to withdraw the remainder of the tract.

At 8 of the 2000 Second Extraordinary Legislative Session established two additional fees to be collected from mineral lessees on all mineral leases awarded on state owned lands and waterbottoms. An additional fee of \$10 per acre will be collected and deposited into the Louisiana Wildlife and Fisheries Conservation Fund. An additional fee of \$5 per acre will be collected and deposited into the Oil and Gas Regulatory Fund. A separate check in the amount of \$15 per acre made payable to the Office of Mineral Resources shall accompany the sealed bid envelope (to be sealed in the sealed bid envelope) and mailed to the Office of Mineral Resources for receipt within ten (10) days after the bid is accepted and the lease is awarded. Bidders may use a regular check for payment of the fees. The successful bidder will not receive the lease executed by the State Mineral Board until the fees are received.

All leases awarded shall be executed upon terms and conditions provided in the current State lease form with all applicable riders appended thereto a copy of which is available for review in the Office of Mineral Resources, Petroleum Lands Division, Leasing Section.

Certified check, cashier's check or bank money order payable to the OFFICE OF MINERAL RESOURCES

The cash Payment bonus bid shall be submitted by cashier's check, either accompanying the original bid (inside the sealed bid envelope) or mailed to the Office of Mineral Resources for receipt within ten (10) days after the bid is accepted and the lease is awarded. Bidders may use a regular check for the 10% fee. The successful bidder will not receive the lease executed by the State Mineral Board until the fee check is received. If the fee check is not received by the time the bid is accepted and the bidder is unsuccessful, both the fee check and the Cash Payment bonus check will be returned to the unsuccessful bidder.

The successful bidder to whom the lease is awarded who receives the written lease executed by the State Mineral Board shall return the written lease, duly executed by Lessee (all named Lessees on the lease instrument), within TWENTY (20) DAYS of receipt of same under penalty for failure to do so of forfeiture of the lease, including the Cash Payment bonus and fee tendered and negotiated.

Bids may be for the whole or any particularly described portion of the land advertised, but consistent with Mineral Board policy. All bidders are hereby notified that the portions of tracts shall be described by metes and bounds and be accompanied by a transparent plat outlining therein the portion bid upon. The scale of the transparent plat shall be the same as the scale of the OFFICIAL PLAT (NOT THE F & A PLAT) CONTAINED HEREIN and shall identify the location of the portion bid upon. The plat shall show the location of the portion bid upon and the Block No. (if offshore), the Parish, any adjacent existing State Mineral Leases, and, further, should clearly show the entire tract boundaries in relationship to the portion bid upon. It shall also show the Topographic features (Land and Water) of the area in detail similar to the Official Plat contained herein. Failure to follow these guidelines in submitting a portion bid may result in outright rejection of the portion bid by the State Mineral Board at its sole discretion.

Notice is given that the State Mineral Board will include provisions in the lease to insure applicable payments attributable to the lease property without regard to adverse title claims, disputes, litigation or title failure and the language of those provisions is available to any interested party at the Office of Mineral Resources. Prospective bidders should carefully examine the same prior to submitting any bid.

Some tracts available for leasing may be situated in the Louisiana Coastal Zone as defined in Act 361 of the Louisiana Legislature promulgated in 1973 (Louisiana Coastal Zone Act) and may be subject to the guidelines and regulations promulgated by the Coastal Management Section of the Department of Natural Resources for operations in the Coastal Zone.

The descriptions of Tract Nos. 34394 through 34452 inclusive will be published in Baton Rouge on March 27, 2002 in "The Advocate" newspaper, the Official Gazette of the State of Louisiana and also in the Official Journal of the Parishes in which the property is located.

NOTE: All bids shall specify the Cash Payment bonus for leases as a price per acre amount and an aggregate total amount. For purposes of rental and deferred development payments, the price per acre amount set forth in the bid, when multiplied by the appropriate acreage, shall determine the full value of rental or deferred development payments to be made. If there are any discrepancies between the total State acreage specified in a lease and the actual State acreage within the geographical boundary of the lease, the price per acre specified in the bid for a lease shall be multiplied by the appropriate State acreage within the geographical boundary of the lease tract to compute rental or deferred development payments.

OFFSHORE TRACTS (Tract Nos. 34394 through 34399 inclusive herein) is the tract which lie seaward of the Louisiana shoreline, as hereinafter defined, but landward of the survey line lying three nautical miles from the Louisiana shoreline, all as determined by the Report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. State of Louisiana, et al. No. 9 Original and set out in the June 1975, Decree of said Supreme Court. All bids on offshore tracts cannot specify a primary term exceeding five (5) years. Bids that specify a primary term exceeding five (5) years for an offshore tract may be rejected outright or the primary term changed to five (5) years at the sole discretion of the State Mineral Board.

TRACT 34394 - PORTION OF BLOCK 9, EAST CAMERON AREA, REVISED, Cameron Parish, Louisiana - That portion of Block 9, East Cameron Area, Revised, Cameron Parish, Louisiana, belonging to the State of Louisiana and not under mineral lease on May 8, 2002, described as follows: Beginning at the Northeast corner of said Block 9 having Coordinates of X = 1,509,516.10 and Y = 348,559.04; thence Northwesterly on a straight line to a point having Coordinates of X = 1,505,572.00 and Y = 350,398.00; thence Northwesterly on a straight line to the Southeast corner of State Lease No. 13185 having Coordinates of X = 1,502,112.00 and Y = 352,196.52; thence North 3,725.48 feet along the East Line of said State Lease No. 13185 to its Northeast corner and the most Eastern Southeast corner of State Lease No. 17120 having Coordinates of X = 1,502,112.00 and Y = 355,922.00; thence continue North 4,076.00 feet along the East line of said State Lease No. 17120 to its Northeast corner and a point on the North line of said Block 9 having Coordinates of X = 1,502,112.00 and Y = 360,000.00; thence East 7,404.10 feet along the North line of said Block 9 to the point of beginning, containing approximately 1,644.67 acres, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. LESS AND EXCEPT that portion thereof, if any, which is more than three nautical miles from the coast line as determined by the Report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. State of Louisiana, et al. No. 9 Original, said three mile line as set out in the June, 1975, decree of the Supreme Court. All bearings, distances and coordinates are as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board.

CAMERON PARISH winners in the Louisiana School Board Association art contest are shown with School Board member Glenda Abshire at the March School Board meeting. From left are Alayna Trahan, grade 1-4 winner; Catherine Wicke, grade 5-8 winner; and Mrs. Abshire. (Photo by Geneva Griffith.)

CAMERON PARISH EMS Paramedics Byron Broussard and Reese Perry, display one of three Lifepak 12 cardiac monitor/defibrillators recently purchased. This one has blood pressure and oxygen saturation monitoring. CPEMS is making plans to expand to the Grand Chenier area in April.

Have a Safe and Happy Easter, Sunday, March 31

Board from 10:00 a.m. to 3:00 p.m. Monday - Friday. Any mineral lease selected from the nominated tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

INLAND TRACTS (Tract Nos. 34400 through 34448 inclusive herein) are those tracts which lie landward of the Louisiana shoreline as defined by the report of the Special Master in the litigation in the Supreme Court of the United States styled United States v. State of Louisiana, et al. No. 9 Original and set out in the June 1975, Decree of said Supreme Court. All bids on inland tracts cannot specify a primary term exceeding three (3) years. Bids that specify a primary term exceeding three (3) years for an inland tract may be rejected outright or the primary term changed to three (3) years at the sole discretion of the State Mineral Board.

TRACT 34406 - Cameron Parish, Louisiana - All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 8, 2002, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Coordinates of X = 1,518,170.00 and Y = 423,000.00; thence North 10.6100 feet to a point having Coordinates of X = 1,528,880.00 and Y = 423,000.00; thence South 10,612.00 feet to a point having Coordinates of X = 1,528,880.00 and Y = 412,388.00; thence West 10,710.00 feet to the point of beginning, containing approximately 138 acres, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease. Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

TRACT 34407 - Cameron Parish, Louisiana - All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 8, 2002, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Coordinates of X = 1,518,170.00 and Y = 412,388.00; thence North 4,092.00 feet to a point having Coordinates of X = 1,514,078.00 and Y = 412,388.00; thence North 5,518.00 feet to a point having Coordinates of X = 1,518,170.00 and Y = 417,906.00; thence South 5,518.00 feet to the point of beginning, containing approximately 39 acres, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease. Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

TRACT 34408 - Cameron Parish, Louisiana - All of the lands now or formerly constituting the beds and bottoms of all water bodies of every nature and description and all islands and other lands formed by accretion or reliction, except tax lands, owned by and not under mineral lease from the State of Louisiana on May 8, 2002, situated in Cameron Parish, Louisiana, within the following described boundaries: Beginning at a point having Coordinates of X = 1,524,892.00 and Y = 410,176.29; thence West 1,852.52 feet to the Northeast corner of State Lease No. 14501, as amended, having Coordinates of X = 1,523,039.48 and Y = 410,176.29; thence North 88 degrees 36 minutes 00 seconds West 3,240.45 feet along the North line of said State Lease No. 14501 to its Northwest corner, also being the Northeast corner of State Lease No. 14806, as amended, having Coordinates of X = 1,519,800.00 and Y = 410,255.46; thence North 88 degrees 36 minutes 00 seconds West 304.09 feet along the North line of said State Lease No. 14806 to a point having Coordinates of X = 1,519,496.00 and Y = 410,262.89; thence North 2,125.12 feet to a point having Coordinates of X = 1,519,496.00 and Y = 412,388.00; thence East 5,396.00 feet to the point of beginning, containing approximately 13 acres, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).

NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease. Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

Lake Charles American Press, March 29, 1939)

WHARF AT CAMERON

Application for a permit to construct and maintain a wharf near Calcasieu Pass has been made by Ernest R. Barbe of the U. S. War Department.

According to army engineers, the application is for construction of a timber wharf, 6 feet wide by 60 feet long, to be built on pilings along the west shore of the river. Location of the proposed structure is approximately two miles downstream from the Cameron Highway ferry and about one mile above the mouth of the river.

CAMERON POULTRYMEN HEAR TALKS

Clyde Ingram, extension poultryman from Baton Rouge, at three meetings in Cameron Parish last week, presented figures on current chicken conditions in the state and made suggestions on the better handling of present flocks in this area. The meetings were called by Carroll McCall, parish agricultural agent.

Mr. Ingram told the poultrymen that approximately 88 percent of all Louisiana farms have flocks. He advised vaccinating spring and fall flocks against chicken pox when the chicks are from six to eight weeks old. The

CARD OF THANKS

THE CHILDREN of Hilda Miller would like to take this opportunity to thank you all for your kind expressions of sympathy and support during the illness and recent death of our mother. Just knowing that you cared, helped make this past year a little less difficult. A special thank you to Dr. B. Thompson and the Pulmonary Associates, Dr. Newton, Dr. Rougeau, LCMH ICU, 8 Tower and Extended Care Staff. God Bless You All

specialist deemed this work especially important in Cameron Parish due to the fact that mosquitoes spread the disease from one flock to another.

(Cameron Pilot, March 27, 1969)

GRAND LAKE YOUTH IS 'TROPHY HUNTER'

By Marcelin Riche
A Grand Lake youth--Michael Duhon--can be called a real "trophy hunter" after having acquired a total of 42 awards and honors over the past eight years in 4-H livestock projects and Louisiana Fur Festival competitions.

Since June 1968, Michael has been developing his talents in an adult field and no doubt he will have accomplishments to demonstrate on his return home. At Fort Polk he is devoting most of his time to 'boots and field.' He will return home from serving his hitch with the National Guard to sharpen his natural abilities at McNeese. It will be interesting to see what his trophy shelf will look like in four years.

His father is a professional guide, hunting camp operator, cattle raiser, and farmer, and lives in the Sweet Lake community Near the Big Burn. His mother, also from a great hunting family, is recognized as one of the foremost cooks of Creole food.

Before he was out of grammar school, he was winning duck and goose-calling contests as a regular competitor in the Louisiana Fur and Wildlife Festival. His uncle Clarence Faulk (international duck and goose-calling champion) taught him the natural expressions of our local wildfowl, thus making 'calling' for young Duhon a high fidelity art.

PARISH STUDENTS ARE FAIR WINNERS

Winners in the 14th annual Region V Science Fair at McNeese were recognized in the college arena Saturday morning.

Cameron Parish winners in various categories were: Melodie A. Swire, Linda G. Smith, Felice A. Dardeau, Suetta M. Jones, Ricky L. White, Mary K. Baccigalopi, Charles M. McCall, and Rod Landry.

Winners in the Region V Social Studies Fair were: Randall Jones, Shelia Wainwright, Dinah Miller, Sheri Howerton, Pamela Jurishck, and Verna Welsh.

ELLENDER BRIDGE ADVANCED TO 1970-71

State Highway Director A. B. Ratcliff, Jr., said last week that a proposed \$5 million bridge across the Intracoastal Canal at Hackberry had been advanced to the second year of the state's five-year highway construction program.

At the same time, Ratcliff leveled criticism of Cameron Parish for impatience because of complaints over limited access to the tiny town of Hackberry.

A pontoon bridge across the

canal to Hackberry has been damaged a number of times when being struck by barges and towboats. It is currently out of commission.

"The department did everything it was possible to do in an emergency of this nature," Ratcliff told the State Highway Board.

"They've been most unreasonable in this condition. When the department is doing everything in its power to make an improvement to take care of an emergency, I think it should be complimented, not criticized."

The bridge is to be built in 1970-71.

NEWS NOTES

Mr. and Mrs. Russell Nunez, Cline and Carson, and Mrs. Grace Rhodes spent the weekend in Nashville and attended the Grand Ole Opry.

With the start of spring this past week, the weather picture at Grand Chenier changed to nice sunshine and a temperature of 74 degrees. Other signs of spring here are the many flocks of geese headed northward for their summer nesting grounds.

Prevat Miller, farmer and cattleman, who is usually the first to plant corn on the Chenier, was busy this past week planting his patch of corn with the help of Valian and Oliver Theriot and Mildridge Broussard.

Winners of the Johnson

Heather Benoit is honored

The United States Achievement Academy announced that Heather Benoit from Cameron has been named a United States National Award Winner in Science.

Heather, who attends South Cameron High School, was nominated for this national award by Tina Savoie, a teacher at the school. She will appear in the United States Achievement Academy Official Yearbook, which is published nationally.

Heather is the daughter of Melissa Kiffe and George Benoit of Cameron. Her grandparents are George and Jackie LaBove of Cameron and the late John Paul and Carmen Benoit of Cameron.

Bayou Science Fair in various categories were: Ervin Warren Trahan, Belinda Trahan, Gene Bourgeois, Debra Constance, Dianne Dasinger, Juanita Jinks, David Romero, Leslie Prescott, Kay Erbeling, Connie Myers, Chris Lehmann, Brenda Romero, Malcolm Trahan, Quentin Blanchard, and Fred Cruz.

Absentee vote is this week

Absentee voting for the April 6 School District 4 election is being held this week in the Registrar of Voters office in the basement of the courthouse.

Voting will be from 8:30 a.m. to 4:30 p.m. Monday-Thursday and from 8:30 to noon on Saturday. The office will be closed on Good Friday.

Sheila Conner and Dorothy Theriot are candidates in the special school board election.

Several tax renewals will be coming up during another election on May 4. The last day to register to vote in this election will be April 3.

Lake Feed and Farm Supply. Third, Lori Broussard, Lisa Hebert, Melissa Aguilard and coach Shawn Hebert, sponsored by Cameron State Bank.

Judges were Beth Babin and Nancy Palmer from Walker, La.

Contributors to the show included Grand Lake Feed and Farm Supply, Dynamics, Trahan's Hardware, Coca-Cola and Boone's Corner Store, and Butch and Nancy Guidry, who donated the best of show trophy.

Happy Easter to You and Yours

Health Clinic club topic

By JODY RICHARD

Information on the school based health clinic at South Cameron High School was given to the Cameron Elementary 4-Hers at their March meeting. Mrs. Rhonda Treme, RN and Mrs. Roni Trosclair, office technician, from Christus St. Patrick, were the speakers.

Health services from the clinic are offered to students at South Cameron High School and South Cameron and Cameron Elementary Schools.

Ross Rowland told that an Easter basket will be given to a student at Cameron Elementary.

Haley Willis, Justin Picou and Megan Morgan talked about Challenge Camp.

The following events are coming up: Record books due March 25; Achievement Day, April 13, at Grand Lake High; Achievement Day program cover contest due April 8; first annual awards night, April 19.

Katie Nourousky attended the district cookery contest in Lafayette Mar. 20.

Mr. Mike LaVergne talked about the Clover for this month.

Several students won prizes in drawings from Christus St. Patrick.

A HIGH WIND blew down this big oak tree on a trailer owned by Earl Robison in the Old Settlement at Big Lake. No one was home and there were no injuries. (Photo by Sammie Faulk.)

Grand Lake Jr. 4-H calendar

Upcoming events for the grand Lake Jr. 4-H club include;

April 9 - Jr. 4-H meeting.

April 13 - Cameron Parish Achievement Day at Grand Lake School.

April 20 - The Outdoor Shooting Program at the Lake Charles Gun Club.

May 5 - Contraband Days Trap and Clay Target Competition, hosted by the Grand Lake Jr. 4-H Club.

May 11 - Grand Lake 4-H banquet at the Fireman Center.

Easter sunrise services told by churches

Joint Easter Sunrise Services of Bargeman, Ebenezer and Macedonia Churches will be held at the Ebenezer Baptist Church, Sunday, March 31 at 5 a.m. Speaker will be the Rev. Lannis Joseph, pastor of the Ebenezer Baptist Church.

The Ebenezer Baptist Church will have Sunday School following the Sunrise Services.

DISTRICT 25 State Senator Jerry Theunissen accepts the "ferrell Keahey Award" for his strong support of agricultural aviation. The award, which is given annually by the Louisiana Agricultural Aviation Association, is being presented by Louis Broussard, LAAA president, right.

Easter Sunday, March 31, 2002

Holy Wednesday

March 27, 2002

Dear Catholic Residents of South Cameron Parish:
No Easter message from me could be more noteworthy than next Sunday's Feast of Mercy! From Jesus' lips to Sister and now Saint Faustina, to our Holy Father, and now to Creole, Cameron, and Grand Chenier.

What must you do? Confess within nine days of Sunday, April 7th & receive Holy Communion at any of next weekend's Holy Masses, which is the Feast of Mercy.

What does this mean? "The soul that will go to confession and receive Holy Communion shall obtain complete forgiveness of sins and punishment...Let no soul fear to draw near to Me, even though its sins be as scarlet." (Saint Faustina)

Happy and Holy Easter!

 Reverend Father Joseph McGrath
