

Bond issue meeting held at Grand Lake

(From Lake Charles American Press)

The first of two public meetings was held Thursday to inform Grand Lake residents about the proposed \$4.4 million school bond issue on the May 4, ballot.

Grand Lake residents will decide whether to give the School Board the authority to issue 20-year general obligation bonds up to \$4.4 million for the Grand Lake High School expansion.

A second public hearing will be held at 6:30 p.m. Thurs., April 25, at the Grand Lake High School Gym.

School Board President Pat Howerton, who represents the Grand Lake area, said time is running out to expand the school to accommodate Grand Lake's growing population.

The total enrollment is 606 students, but that is expected to increase now with more people moving into the Grand Lake area.

Howerton provided local residents with a list of problems.

There are six temporary buildings on-site and a seventh is expected this summer. Most of the classrooms are old and the windows leak, and it's hard to cool and heat the classrooms, Howerton said. There are two special education classes sharing one classroom. The kitchen and dining area is small and crowded. There is one computer lab for the entire school. Other problems include small library facilities and a serious parking issue. The expansion project hopes

to accomplish several goals.

The School Board wants to increase the kitchen and dining area by 8,985 square feet in order to increase the dining room seating capacity to 275 plus. A new kitchen facility will be built, and a new corridor will be added to connect the school to the cafeteria. This project will cost \$1.2 million.

To accommodate the student population, nine old classrooms will be removed and rebuilt, and six new classrooms will be added. Two new bathroom facilities are planned. A new front entry and lobby and library renovations as well as a new centralized computer lab are being proposed. These construction projects should cost \$2.2 million.

The proposed construction plan also calls for a kindergarten addition of 2,430 square feet that will tie into the existing structure. This would cost \$267,300.

The School Board also wants to spend \$260,000 on minor renovations to the elementary wing and the culinary arts area, as well as address parking and drainage issues.

Howerton said the entire package should cost right under \$4 million. It will allow for a 25 percent growth in student enrollment.

Meeting set

The Cameron Community Action Agency Board of Directors will meet on April 20, at 12 noon at the Cameron Sr. Center, 723 Marshall St. The board members are urged to attend.

Alliance to meet Thurs., May 2

The Grand Lake-Sweetlake Action Alliance will meet May 2 at 6 p.m. at the Grand Lake Fireman's Center. The guest speaker will be Cecil Sanner.

GED classes continuing

The Cameron Community Action Agency wishes to remind our residents that GED classes are continuing at the Cameron Council on Aging Sr. Center Tuesday, Wednesday and Thursday from 5:30 - 8 p.m. and in Grand Lake at the Community Action Agency behind the ambulance station adjacent to the post office on Monday, Tuesday and Thursday from 5:30 til 8 p.m. Anyone interested in earning their GED should contact Tutt at 775-5668 or Jean at 598-5158. Classes are open and students work at their own pace. Over 50 students have received their diplomas through this program.

Mother's Day event is set

The Cameron Council on Aging will host a Mother's Day breakfast on May 7 at 8:30 a.m. at the Cameron Senior Center. All senior ladies are invited to attend this meal in your honor. Please call 775-5668 and reserve your place.

Farm Bureau scholarship offered here

Cameron Parish Farm Bureau will offer a \$500 scholarship to a 2002 graduating senior. The scholarship qualifies for college or technical school. Any senior whose parents are Farm Bureau members may qualify. Applications may be picked up at the Farm Bureau Office or from school counselor.

Deadline for applications is Fri., May 3, at the Farm Bureau Office in Creole. For more information, call the Farm Bureau Office at 337-542-4807.

Holly Beach bids asked

The La. Division of Administration will receive bids until June 5, on the Holly Beach Management Project for the Dept. of Natural Resources.

The work will consist of restoring several miles of coastline west of Holly Beach by

pumping sand in to rebuilt the beaches. This stretch of the coast has been badly eroded over the years by high tides and storms.

An official advertisement for bids on this project can be found elsewhere in this issue of the Pilot.

SHOWN ABOVE are the musicians who play weekly at South Cameron Memorial Hospital for the swing-bed patients. Clayton Trahan, representing the Cajun Music Festival, presented band members with certificates of appreciation for promoting Cajun music. Band members are Milton Theriot, Frank Pickett, Clyde Miller, Freddie Theriot, Lee Begneau, Rod Ardoin, Arthur Leger, Steve Orr, Melba Lou Trahan, and Nelta Peshoff.

ment, so 200 more kids can be accommodated with the proposed project.

The money would be repaid over 20 years by the levy of property taxes.

The 33-mill tax would call for an annual debt service of \$360,589.

Residents who have a home-stead exemption would pay nothing. Residents who own a \$100,000 home would pay \$82.50 annually. Residents who own a \$125,000 home would pay \$165 annually.

These estimates do not include any additional land or businesses residents might own.

Grand Lake residents curious about their cost can multiply the assessed value by .033 on their tax bill to determine what they would owe.

Residents can also call the Cameron School Board Office at 775-5784, ext. 32, for more information.

Dexter Harrison

Harrison writes book about area

Dexter G. Harrison, a native of Grand Chenier, has written a book, "Life's Ragin' Storms", a true story chronicling the lives of several black and white families who have called Cameron Parish their home.

Harrison, who is the son of Mr. and Mrs. Lee Harrison of Grand Chenier, is a Certified Public Accountant employed by Shell Oil Co. in Houston.

The narrative commences with the Bartie family struggles and triumphs, encountered during the depression era of the late 1930's preceding June 27, 1957 when this country's fifth worst destructive hurricane named Audrey ravaged the Cameron coast claiming over 500 victims.

A product of extensive research, coupled with interviews with members of the Bartie, Harrison, January, Miller and Nunez families, the author brings to life the flavor and vitality of that region, culture, and time period.

Harrison began his writing career with the publication of his first novel "The Blassiah" in 1992. At a very early age he recorded several conversations and interviews among black and white family members and friends about Hurricane Audrey. Intrigued with his findings Dexter compiled the information into "Life's Ragin' Storms."

A graduate of the University of Louisiana at Lafayette, Harrison and his wife Teresita have two daughters, Chloe and Cristen.

The book may be purchased at www.publishamerica.com or by calling 1-877-333-7422. (ISBN # 1-58851-647-4.)

Two bicyclists come to Parish from California

Cameron Parish had two bicycle riders come through on March 22. They were Myron Mueller, 70, and Jim Stout, age 41. The pair started their cycling trip from Encinitas, Calif. in January and will finish the trip in about one year.

The pair will cycle the outer edges of the United States. Upon completion of this ride, Myron will be entered into the Guinness Book of World Records as the oldest person to ride the Perimeter of the United States.

Myron and Jim began cycling the perimeter of the United States January 14th, 2002. They will ride counter clockwise beginning and finishing in San Diego, California.

They travel self-contained, which means they carry everything they need for the trip on their bike cycles. (Example: tent, sleeping bag, food, water, clothes, stove, rain gear, etc.). The men transport about 140 pounds each on trailers attached to their bikes. They carry with them things like cell phones,

global positioning system, and solar battery charger, and radios.

They estimate the trip to be approximately 12 months and 12,000 miles long. "Instead of seeing American at 65 mph, we are seeing American at 8 mph." They designed the trip to be more of an adventure, rather than a planned trip with a schedule and preplanned route.

Mueller and Stout are not raising money for a charity nor do they have sponsors. For them, the trip is about having fun and sharing good moments. "We are living out a dream."

Mueller is a retired electrical engineer who owns a security firm and rides a \$3,000.00 customized bicycle unlike Stout who quit his job and is using his savings for the adventure.

Day 68 - Friday 3-22-02 - mileage today 54.0 - We had a wonderful night at the LADY

STAR OF THE SEA CATHOLIC CHURCH. Thank you Father Louis Melancon for kindness.

We had a good night's sleep in Cameron. We started out early thinking we will ride about 15 miles and get breakfast in Oak Grove.

The wind is terrible. Last night it blew all night long and today it is about 35 mph right at us. Myron is having a hard time with the wind today. We ride up to Oak Grove to find a Texaco gas station with its overhang blown over.

We find only a handful of businesses and only two open, a thrift store and a hardware store. There is a cafe right in front of the hardware store but it is closed. That didn't sit too well with Myron. He had his heart set on pancakes. I don't blame him I did too.

So we sat in front of the hardware store and pouted for a while before breaking out the beans and peanut butter. At about that time Trudy from the hardware store came out to see if we would like some coffee. We quickly jumped at the offer.

Myron stayed outside and drank his coffee I went inside the store only to find that they have a large table set up for people to come in and visit while having their coffee. Myron soon came in and we had a great time visiting with Trudy, Perry and Diana. We took pictures and again on our way.

We were about an hour out of Oak Grove we stopped in a small community called Grand Chenier. This is where we met T-Mae and her granddaughter Stacie. T-Mae owned the general store. Stacie is a college student and also the Cameron Parish Farm Bureau Beauty Queen.

Myron and I sat and talked with her for almost two hours. Stacie found out I had never had Crawfish pizza and jumped right up and brought me a slice. Crawfish pizza sounds weird to a California boy but I liked it.

We ended up in Pecan Island just before dark. We stopped at the local church to ask if we can set up our tents and to see if there was a cafe in town. We were told no on both questions.

We took our chances and set up camp at the local high school, hoping we won't get kicked out. There isn't any police station in Pecan to ask permission; at least that is what they said at

the church.

People interested in contacting Myron or Jim can do so at: biketrip2002@pocketmail.com

RED SNAPPER OPENS

April 21 finally got here, that was Red Snapper day, however lots of anglers got fooled. Strong Southeast winds had seas rough and lots of small boats just couldn't go out. I did take two Lafayette anglers who went out, in a large boat and they did have two limits of Red Snapper but he told me it was a rough trip. The largest Snapper was about 7 to 8 pounds. Remember four is the daily limit and they have to be 16 inches in length or longer.

The Big Lake fishing is also feeling the pain as rough waters are cutting their trips short. Anglers fishing early in the morning while the winds are not as strong, are catching a few small speckle trout and redfish. The larger redfish are still at the Cameron Jetties, but again, be careful, as it's rough in the Jetties. Anglers are fishing on the west side of the Jetties where water is calmer. Many are fishing the piers and doing well.

FRESHWATER FISHING

Freshwater fishing is good early in the morning until about 9:30 a.m. and then you fight the winds. I made two good trips this past week as well as my son Rudy. He made two trips to the Big Burns and had good bass up to 3 1/2 pounds. I made one trip to the Big Burns and had 9 good bass, largest about 2 1/2 pounds, but fishing Amoco I had 7 bass with the largest going a little

over 4 pounds and lost a bigger one.

Anglers fishing the Big Burns are not doing very well fishing the big canals for white perch and bream.

Water in the Big Burn has dropped about six inches.

FAMILY OUTING

The Kenneth Montie family, along with their children and grandchildren made a trip to Caney Lake and caught really nice bass. Kenneth has a party barge.

LEMESCHE BASS CLUB

The Lemesche Bass Club will hold their second tournament of the year, Sunday, April 29 at Amoco. This is a pick your partner tournament. Everyone will meet at the Superior Bridge Landing and leave at sunrise, which will be at 6:35 a.m. Weigh-in will be at 3 p.m.

DATES TO REMEMBER

April 21 thru Oct. 31 - Red Snapper season opened. Daily limit of 4, 16 inches long or longer.

April 29 - Lemesche Bass Club tournament - Amoco 6:35 a.m. with weigh-in at 3 p.m.

April 30 - Close of oyster tonging season Calcasieu Lake.

Area afternoon dog fights have begun. Call Ron Castille at 477-5260 or 800-234-5210 for more info. Also turkey seasons in all area are closed, as well as frog season until June.

FEEDING TIMES

Best, Fri., April 27 - 3:30 p.m.; good, 9:10 a.m. Best, Sat., April 28 - 4:30 p.m.; good - 10:10 a.m. Best, Sun., April 29 - 5:30 p.m.; good - 11:15 a.m. Best, Mon., April 30 - 6:15 a.m. & 6:40 p.m. good - 12:20 p.m. Tues., May 1 - 7 a.m. & 7:30 p.m. good, 1:15 p.m. Best, Wed., May 2 - 7:45 a.m. & 8:15 p.m.; good - 2 p.m. Best, Thur., May 3 - 8:40 a.m. good - 2:50 p.m.

Warning signs of ovarian cancer

Every woman is at risk for ovarian cancer, regardless of age, regardless of family history, and regardless of whether she still has ovaries in her body. Without ovaries it is then called primary peritoneal cancer.

Every woman should know her risks for this disease and be aware of its symptoms. If she has an elevated risk for ovarian cancer, she should be screened annually for it and insist on quality medical care.

Take action if any of the following symptoms last more than two weeks. Screening for ovarian cancer includes a combination pelvic/rectal exam, a CA-125 blood test, and a transvaginal sonogram. (NOTE: Pap smears do NOT detect ovarian cancer.)

• Vague but persistent gas, nausea, indigestion, constipation, or

diarrhea.

- Abdominal bloating, feeling of fullness, or pain.
- Frequent or urgent urination.
- Menstrual disorders, pain during intercourse.
- Fatigue, backaches.
- Weight gain or loss
- Abdominal distention.

One or more of the following could put you at above-average risk for ovarian cancer:

- Personal or family history of ovarian, breast, prostate, or colon cancer. Women who no longer have ovaries are still at risk for what is essentially ovarian cancer (primary peritoneal cancer).
- North American or Northern European heritage and/or Ashkenazi Jewish population.
- Hereditary nonpolyposis colorectal cancer or syndrome.

Two teams eliminated

After drawing a bye in the first round of the playoffs, the District 8B champion Grand Lake Lady Hornets were eliminated in the regionals by Vidrine, 4-1. The game was tied through the top of the seventh inning, when Vidrine scored 3 runs to go ahead and get the win.

HAPPY BIRTHDAY

THIS POEM is dedicated to Aunt Janell. But those who knew her just called her Nell. She was a joy to know and fun to be around. If she was mad she wouldn't have a frown. We all picked and joked because she was the shortest of us all but our love for her made her 10 feet tall. It's been a while since you've been gone but our love for you is still forever strong. We think of you often as the day's pass us by. We even find ourselves still wanting to cry. You are always remembered no matter where you go. We will tell anyone who ever wanted to know. You will always have a special place in our heart. The love we have for you will never part.

Happy Birthday Nell Love, Your Family

TO THE VOTERS OF CAMERON RECREATION DISTRICT #6:

The Cameron Recreation District No. 6 was created in 1981 to provide much needed recreational facilities for the citizens of this area. A recreation complex was constructed on Trosclair Road AND HAS BEEN FULLY PAID FOR. In 1982, a maintenance tax was passed. Funds from this tax are used to pay for utilities and insurance on the facility and for fees for auditing required by law. The maintenance tax is renewable every ten years.

On May 4, 2002, voters in District No. 6 will be asked to vote on RENEWAL of the 6.93 millage MAINTENANCE TAX. THIS IS NOT A NEW TAX, ONLY A RENEWAL OF AN EXISTING TAX TO MAINTAIN THE RECREATION DISTRICT. In past years, the Board of Directors of Cameron Recreation District No. 6 has dealt with the challenge of declining revenues by cutting back on personnel and generating funds of its own with recreational events. Board members and other volunteers have provided many necessary services to the facility themselves.

TO CONTINUE TO PROVIDE THIS SERVICE TO OUR COMMUNITY, WE NEED YOUR HELP AND SUPPORT ON MAY 4. TO KEEP THE DOORS OPEN AT OUR RECREATIONAL COMPLEX, PLEASE VOTE "YES" ON MAY 4.

To The Citizens and Taxpayers of Cameron Parish School District No. Four (Grand Lake/Sweetlake/Big Lake)

The Cameron Parish School Board has called a special election to be held in School District No. Four on Saturday, May 4, 2002. One proposition will be on the ballot and if passed by the voters will provide much needed additions and renovations to Grand Lake High School.

Proposition No. 1 seeks your authority to sell and issue \$4,400,000 of bonds to be repaid over a period of 20 years from the levy of property taxes.

If Proposition 1 is approved by the voters, it is anticipated that the required property levy will not exceed 33 mills in the first 5 year period following the sale and issuance of the bonds and that such tax levy will decline thereafter.

In recent years, there has been a steady growth in the student population at Grand Lake High School, thereby necessitating the need for additions and improvements at this school.

Our goal is to provide \$4,400,000 in needed additions and renovations:

- Additional Classrooms
- Additions to Library
- Centralized Computer Room
- New Kindergarten/Pre-K Wing
- Additional Parking
- New Kitchen/Dining Area
- Minor Renovations to Existing Facility
