

**KALE CRAIN** is shown constructing a metal box to be used to hold brochures about the Sabine Lighthouse to be placed near the lighthouse for the benefit of visitors.

## Youth helps in promotion of lighthouse

By GENEVA GRIFFITH

Knowing how much the saving of the old Sabine Pass Lighthouse means to his grandmother, South Cameron high student Kale Crain constructed a metal box to hold brochures on the lighthouse to be placed at the gate on the road to the lighthouse.

The brochures give the history of the lighthouse and also tells how visitors can join the Lighthouse Association.

Kale's grandmother is Hilda Crain of Grand Chenier, who is treasurer of the Lighthouse committee.

The committee has worked hard to raise the money to rebuild the lighthouse which is one of 10 sites on the top ten most endangered historical sites in Louisiana.

It is located on the Louisiana side of the entrance to the Sabine River.

## Two named as All-Staters

South Cameron's Brittany Mudd and Nicole Higgins were named to the Class 1A All State Softball team. Mudd, a junior pitcher, and Higgins, a senior, helped lead the Lady Tarpons to the semi-finals of the state softball tournament and a 24-4-1 season record.

LaSalle, who defeated the Lady Tarpons in the semi-finals and went on to win the state championship, grabbed the Most Outstanding Player honor in Kendra Lindsay and Coach of the Year for Jeff Tannehill.

## J. B. Rec News

The Johnson Bayou Recreation Center will start youth softball Monday, June 3. For information call the recreation center at 569-2699.

Summer hours are: Recreation Center, Monday - Saturday, 2 - 10 p.m., Sunday, 2 - 9 p.m.

Kitchen hours, Monday - Sunday, 3 - 8 p.m.

Pool hours - Monday closed; Tuesday 3 - 7 p.m.; Wednesday 3 - 8 p.m.; Thursday - Sunday, 3 - 7 p.m.

Ladies night will be Tuesday 7 - 8 p.m.

## When Capt. John Smith cornered the yellow yam market

By W. T. BLOCK

According to the Beaumont Enterprise of Oct. 18, 1905, my great uncle, Capt. John Smith of Johnson's Bayou missed only one weekly visit to Beaumont, pulling his barge load of 50 sacks of yellow yams, and as a result he threw the entire Beaumont market for sweet potatoes into disarray.

For some unknown reason, Beaumonters had suddenly developed a taste for yellow sweet potatoes, instead of the much more common rose-colored variety, and because the yellow yams were available only from Johnson's Bayou, Uncle John had cornered Beaumont's sweet potato market. And because Uncle John arrived there every Thursday afternoon as regularly as high tide, the price of yellow yams in Beaumont had remained constant at "six bits" (75 cents) a bushel.

The bayou farmers raised about 3,000 bushels of the yellow yams annually, and Uncle John bought up half or more of their crop. The farmers knew that to market their crop all at

## World's largest crewboat is christened

By GENEVA GRIFFITH

A group of Cameron parish citizens and officials attended the christening last Thursday in Morgan City of the world's largest and most powerful crewboat which is owned by a Cameron-based company.

The Motor Vessel Granville C. McCall was christened by Granville Conway, for whom the boat was named, and by Norman McCall, president of McCall Boat Rentals of Cameron.

McCall Boat Rentals is a subsidiary of Seacor Corp. of which Mr. Conway was one of the founding investors and

directors.

With an overall length of 190 feet and 9000 horsepower, it is indeed the world's largest and most powerful crewboat.

The vessel is certified by the U. S. Coast Guard and has achieved the American Bureau of shipping High Speed Craft

## 4 million yds. of sand to be put at beach

About 4 million cubic yards of sand from federal offshore petroleum lease sites will be used in a restoration project at Holly Beach in Cameron Parish.

The project is designed to stop shoreline erosion and provide protection of about 10,000 acres of wetlands, state and federal officials said last week. "The Holly Beach area has long been a high priority of the state's coastal restoration program," said Jack Caldwell, secretary of the Louisiana Department of Natural Resources.

The federal Minerals Management Service, which manages federal offshore leases in the Gulf of Mexico, has signed a lease with the state for the use of the sand.

## Head Start parent meetings

Cameron Parish Head Start will conduct parent orientation as follows:

Tuesday, June 4, 6 p.m. Grand Lake Center; Wed., June 5, 6 p.m. Cameron Center; Thurs., June 6, 6 p.m. Hackberry Center.

Parent orientation is mandatory for your child admission into Cameron Parish Head Start. If you have any questions please call 775-2910.

designation. It is equipped with dynamic positioning capability that allows the vessel to maintain a position without being tied up during critical cargo and personnel transfers offshore, thereby enhancing safety and performance.

Other features include a clear deck area of 112 feet X 28 ft., fuel capacity of 45,000 gallons, water capacity of 80,000 gallons and seating for 97 passengers.

The vessel was built by Gulf Coast Shipyard in Patterson. It will go on charter with a major oil company and will operate in the Gulf of Mexico after delivery.

Seacor currently operates a fleet of 341 crew, utility, mini-supply, supply and handling vessels, and employs approximately 3,400 individuals.

## Local agency promotes literacy

The Cameron Community Action Agency has joined the Walmart's National Literacy Initiative which will involve more than 3,300 stores. Store signage and national advertising will promote an 800 number that will be staffed 24 hours a day with information for locating programs that provide training. The Cameron Community Action Agency will be on the information list.

The agency sponsors a GED program in Grand Lake and Cameron. In addition the program sponsors an English As A Second Language program.

For more information call Tutt at 775-5668 or Jean at 598-5158.

**Hurricane season begins Saturday, June 1. Review your preparedness before it's needed.**

**THREE GRAND LAKE** High School students who were recognized at the recent school board meeting for receiving Horatio Alger Scholarships are shown above with Rosalie Perry, school counselor. ## Own zip codes sought for Lake communities

BY JERRY WISE

The Grand Lake-Big Lake-Sweet Lake communities are the fastest growing area of Cameron Parish, but if you went by the postal addresses for their residents you would assume they live in Calcasieu Parish.

For years the Grand Lake-Big Lake residents received their mail addressed to Rt. 2, Lake Charles, and Sweet Lake residents got their mail in care of Rt. 1, Bell City.

About a year ago, the Lake Charles Post Office opened a sub-station near the Grand Lake fire station which is open several hours a day for postal business.

However the Grand Lake-Big Lake patrons still have a Lake Charles address and Sweet Lake residents still have a Bell City address.

This situation concerns

Charles Precht III, police juror for the three areas, who said that the census may count these people as residents of Calcasieu Parish.

At the police jury meeting at 5 p.m., Monday, June 3 a resolution will be considered asking the postal service to give these Cameron parish areas their own zip codes.

Other items on the agenda Monday will be a discussion of the upcoming hurricane season by Civil Defense director Pete Picou.

Jurors also are expected to adopt a ban on cutting of parish roads for the laying of water or sewer lines. Boring is a better method, jurors were told.

A hearing on a proposed abandonment of a road in the Warren Miller subdivision will be held.

A liquor permit for the Harbor Light restaurant at Big Lake will be considered.

## Concern expressed over Sabine-Neches plans

American Press

Widening the Sabine-Neches waterway could be counterproductive to Louisiana's current coastal restoration projects, several individuals and organizations said Tuesday at a meeting in Lake Charles.

The Coalition to Restore Coastal Louisiana and the Cameron Parish Port Commission were among those that announced their formal opposition to the project.

Most people and organizations were concerned with salt water intrusion in the coastal marshes of Cameron Parish. Higher marsh salinity contributes to coastal erosion.

In a letter read at the meeting, CRCL executive director Mark Davis said the proposed changes are inconsistent with Coast 2050, Louisiana's large-scale coastal restoration plan.

"The proposed changes to the Sabine-Neches Waterway channel will increase shoreline erosion and salt water intrusion in the Calcasieu-Sabine basin," Davis said. "Any proposed project that will contribute to the destruction of wetlands while state and federal government programs spend millions of dollars to restore those same wetlands is inconceivable, wasteful and ill-planned."

Constance Beach resident Rodney Guilbeaux, speaking on behalf of several Cameron Parish organizations, suggested that a lock be placed at the mouth of the channel to regulate salt water.

Guilbeaux said that with such a system in place, he and others would not be opposed to the project.

The Texas oil and shipping industry wants the Sabine-Neches Canal, which connects several Texas harbors to the Gulf of Mexico, enlarged to accommodate more cargo and larger ships.

The canal is 40 feet deep and 400 feet wide, the same as the Calcasieu Ship Channel.

The project is under the jurisdiction of the Galveston District Corps of Engineers.

The Corps is considering various alternatives for the deepening and widening of the channel from offshore to the turning basin at Beaumont.

The proposals include increasing the depth of the channel to 45, 48 or 50 feet. A variety of widening options are also being considered to accommodate two-way traffic.

Some local residents expressed concern that the Louisiana side has not been sufficiently represented in the design of the study.

The final feasibility report will be completed in November 2004. Construction would begin in late 2005.

## Alliance meeting

The Grand Lake - Sweet Lake Action Alliance will meet on Thursday, June 6 at 6 p.m. at the Grand Lake Fireman Center, COA Room. The meeting is open to the public.

**THESE CAMERON** Elementary students, members of the Junior Tarpon Wrestling team, won state championship titles this year. They are Justin Gordon, Jody Trosclair, Thomas Brown, and Justin Picou. Their coaches are Norman Cormier, Reggie Murphy, and Zeke Wainwright.

# Mrs. Parker retires after 33 years as teacher/advisor

**Vickie Parker**

Vickie Parker, Hackberry High School Vocational Home Economics/Family and Consumer Sciences/Math teacher and FHA/FCCLA adviser for 33 years is retiring May 30.

Mrs. Parker graduated from Sulphur High School in 1965. She has a B. S. degree in 1969 in Vocational Home Economics Education, a Masters degree in 1974 in Supervision and Administration with a Math Minor and her Plus 30 in 1978 from McNeese.

Mrs. Parker is married to James Ronald Parker, they reside north of sulphur.

On Saturday, June 1, family and friends are having a retirement celebration for Mrs. Parker at the Houston River Baptist Church Family Life Center from 2 to 4 p.m. If you have questions about the party, please contact Remona Brasher at 528-7241. Family members are hosting a family luncheon before the party in her honor.

Mrs. Parker has trained and advised 265 local, 32 parish, 18 regional, and 8 state FHA/FCCLA officers as well as 2 national officer candidates over the past 33 years. She has helped 35 Literary Rally students place 1st - 4th at district and state competitions.

Mrs. Parker has been the recipient of the Louisiana Home Economics Association Teacher of the Year award and was one of the top 10 finalists for national. Mrs. Parker received the 1984 and 1986 Educator of the Year award at Hackberry High School and was awarded the Outstanding Home Economics Educator of Louisiana plaque for her work on the State Department of Education FHA/HERO Advisers Handbook in 1985.

The Southwest District Louisiana Home Economics Association named Mrs. Parker as Teacher of the Year. She was the first FHA/FCCLA advisor in Louisiana to receive the Louisiana Distinguished Service Award.

Mrs. Parker has worked with 3 state committees for textbook adoptions, 2 state revision committees for the FHA/FCCLA State Handbook and 3 state Home Economics revision committees for curriculum guides. She also wrote the first Sex Education guide for Cameron Parish that was used for Mother and Infant Care classes and 8th Grade Sex Ed Classes.

Mrs. Parker is a member of Houston River Baptist Church serving as organist, choir and ensemble member, furnishings committee secretary, and adult Sunday School Teacher.

She was the Puppet Ministry Director for 9 1/2 years, Youth Director and/or teacher for about 15 years and an adult teacher for about 15 years.

Mrs. Parker was honored by her students at the annual FHA/FCCLA Awards Night Banquet in Hackberry on April 29. She received a plaque, a painting, flowers and other gifts.

**LORI NICOLE WILLIS** received her Bachelor's Degree in Psychology from McNeese State University on May 11. She is a member of the Phi Beta Kappa Honor Society and graduated cum laude. She is the daughter of Butch and Mary Willis of Cameron.

## L. E. Barbie funeral held

Funeral services were held for Lawrence E. Barbie, 74, of Big Lake, Monday, May 27, in St. Mary of the Lake Catholic Church. The Rev. John Poerio officiated. Burial was in Grand Lake Community Cemetery.

Mr. Barbie died Saturday, May 25, 2002 in his residence.

He was as lifelong resident of Big Lake. He was a retired construction worker and a commercial fisherman.

Survivors include three sons, Lawrence G. Barbie, Danny D. Barbie and E. J. Manning, all of Lake Charles; three daughters, Money Daggett, Elton; Penny Rosie, Montana and Linda Manning, San Francisco, Calif.; eight grandchildren; and three great-grandchildren.

## Notarial exam

The notarial examination for Cameron Parish will be given Mon., July 8, at 9 a.m. at the office of Jones Law Firm in Cameron. Applications may be picked up at Jones Law Firm during regular business and must be returned by Fri., June 28.

### 4-H BOYS BUY CALVES

Purchase of three registered Angus calves for 4-H Boys Calf Club members in Cameron Parish was announced Friday by Carroll McCall, parish agricultural agent.

The calves were obtained from Joe Pettijean of Thornwell, two of them going to Bob Hackett, Jr., and one to Norman McCall. In addition, the parish agent stated other calves would probably be bought by Clem Demarest, Eraste Hebert, and Carridine Cox for their sons.

On the buying trip, Bob Hackett and Henry McCall, fathers of the owners, accompa-

panied the agent and the 4-H club members.

nied the agent and the 4-H club members.

(Lake Charles American Press, May 29, 1939.)

### SEA SCOUTS ON CRUISE

Captain Ernest R. Barbe, owner of the DMS Kingfish, has invited members of the Sea Scout ship Jean Lafitte on a one day's cruise in the Gulf of Mexico. This cruise will be made within the next two weeks.

The scouts will divide into regular sea watches and perform routine duties. The entire day will be spent outside the visibility of land, approximately 20 miles off shore.

The Kingfish, a federally inspected vessel, is at present stationed at Cameron where the scouts will board her and put out to sea. Hardtack and salt horse, on old sea dish, will be served for the one meal aboard.

(Lake Charles American Press, May 31, 1939)

### HACKBERRY SENIORS HONORED

Miss Naomi Landry and Mrs. P. J. Johnson acted as co-hostesses at a supper given in honor of the senior class of Hackberry High School on Thursday evening at the Johnson home.

Fortune-telling and various games occupied the first part of the evening, after which chicken

recognition to Vice Grand Regent Mary Clark, Madellion Colligan and Msgr. Melancon.

Deacon Roy Nash presented the Knight of the Year Award to Tony Porche.

Also he presented the Family of the Year Award to Henry Loree Broussard.

Grand Knight Clifton Hebert praised Dot and Milton Theriot for being the top fund raisers and presented them with gift certificates.

The Youth Leadership Awards were given to Brent Billings, Lynn Nguyen and Nicole Higgins.

spaghetti and a salad course was served to the following: Helen Nobles, Ona Lee Precost, Marie Landry, Verna Lee Gray, Dorothy Guillory, Sybil Duhon, and Wilda Gene Johnson.

Also Arson Duhon, Lester Duhon, Bill Stoddard, Alden Sanner, Aaron Parker, Ernie Duhon, Airlarnee Goodrich, James Weekly, and Dewey Portie.

Mrs. Ernest Sanner entertained the senior class of Hackberry High School with an ice cream party at her home

Tuesday afternoon.

### MCDONALD NAMED J. BAYOU PRINCIPAL

Jerry W. McDonald of Converse has recently been named principal of Johnson Bayou High School for 1969-70. Mr. McDonald taught at Johnson Bayou for three years previously.

McDonald graduated from Converse High School, obtained a B. S. from Northwestern State and his Master of Education from the University of Mississippi. He has taught in Louisiana for nine years.

**MR. AND MRS. Dudley Swire** of Grand Chenier announce the engagement and forthcoming marriage of their daughter, Nancy Darlene Swire, to Jeffrey Scott Hunter. The wedding is set for Friday, June 21 at 6:30 p.m. at the American Legion Hall in Grand Chenier. A reception will follow. Through this means, friends and relatives are invited to attend.

**Mrs. Terry Landry**

## Miss Morales, Mr. Landry are married in Prairieville

Melissa Theresa Morales and Terry Wayne Landry were married Friday, May 24, at 7 p.m. at the St. John The Evangelist Catholic Church in Prairieville, La. Father Vincente Panaligan officiated the double ring candlelight ceremony. Mrs. Joan Basso provided the music and Mrs. Alicia Turner was the vocalist.

Parents of the couple are Melvyn and Theresa Morales of Gonzales, and Irvin Lee and Dorothy Landry of Grand Chenier.

Given in marriage by her father, the bride wore a white, matte satin, short sleeve, off the shoulder gown with Battenburg lace. The A-line gown was accented with pearls and sequins, satin roses were attached to back waistline. The chapel length train was adorned with pearls, sequins, and Battenburg lace.

Her veil was a two tier waist length veil with a white matte satin and pearl headband. She carried a cascading bouquet of tiger lilies, roses, carnations, heather and leather fern.

Miss Jennifer Melancon served as the maid of honor. Bridesmaids included Mrs. Charlene Denoux, Mrs. Daphne

Bencaz, Mrs. Jody Fawvor, Miss Haleigh West was the junior bridesmaid.

The attendants wore floor length sheath gowns of purple whisper chiffon. They carried bouquets of purple lilies, white roses, and leather fern.

Junior bridesmaid and groomsmen were Haleigh West and James West and the flower girl and ringbearer was Trinity Lee and Matthew Kenneth Morales.

Bestman was Jamey Fawvor and groomsmen included Kevin Landry, Pat Landry, Kevin Morales, and Mark West.

A reception followed in the Stage One Carriage House with Miss Britney Philippe registering the guests.

Servers included Margie DiGerolamo, JoAnn Lemione, Julie Rivet.

The bride is a graduate of East Ascension High School. The groom graduated from South Cameron High School and McNeese State University. The bride is employed by Louisiana State Police and the groom is employed by Associated Grocers.

After a wedding trip to Branson, Missouri the couple is making their home in Prairieville.

The bill now moves to the full House.

Submitted by Rep. Dan W. "Blade" Morrish, D-Jennings, House Bill 244 would impose an additional \$3.25 per year - or \$13 every four years - for registering light trailers primarily used for boats and personal watercraft.

Morrish said funds would be "dedicated to the aquatic weed control program." Currently, state Wildlife and Fisheries officials don't have enough funding to keep up with problem weeds in the state's waterways, according to Charlie Dugas with the Louisiana Department of Wildlife and Fisheries.

LSU AgCenter weed scientist Dr. Dearl Sanders, who works in the battle against invasive aquatic weeds, cited long-standing problems such as water hyacinth blocking bayous. And he said other noteworthy problems are newer foreign invaders such as hydrilla in Henderson Lake, Toledo Bend and Spring Bayou and giant salvinia in Cameron Parish.

**THESE HACKBERRY FCCLA members** received Rally awards at the recent Awards Night. They are Ashley Austin, Jessica Dyson, and Lori Spicer.

## SPECIAL NOTICE

### \*\*NOTICE OF CORRECTION\*\*

On Wednesday, April 17, 2002 the Office of Mineral Resources on behalf of the State Mineral Board advertised in "The Advocate" the official journal for the State of Louisiana for receipt of sealed bids on or before **12:00 noon on Tuesday, June 11, 2002**, for State Leases to be awarded upon **Tract Nos. 34453 through 34534, inclusive as its June 12, 2002 Lease Sale**. Within said advertisement is an incorrect description for **Tract Nos. 34459, 34460, 34462 and 34463**. By way of public notice, said descriptions for said **Tract Nos. 34459, 34460, 34462 and 34463**, are hereby corrected as follows:

**TRACT 34459 - Cameron Parish, Louisiana** - All of the right, title and interest of the State of Louisiana, being an undivided 1/8th interest, and to the following described property, which is not under mineral lease from the State of Louisiana on June 12, 2002, situated in Cameron Parish, Louisiana, and being more fully described as follows: Lot 7 (30.61 acres) and Lot 8 (32.65 acres) of Section 30, Township 14 South, Range 15 West, Cameron Parish, Louisiana, adjudicated to the State in the name of J. H. Farber for 1931 unpaid taxes and in the name of Junior Oil Co. for 1931 unpaid taxes and sold to J. P. Crain and A. H. Crain on January 12, 1946, estimated to contain approximately **63.26 gross acres and 10.54 net acres**, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).  
NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease.

Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board from 10:00 a.m. to 3:00 p.m. Monday - Friday.  
Any mineral lease selected from the nominated tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

**TRACT 34460 - Cameron Parish, Louisiana** - All of the right, title and interest of the State of Louisiana, being an undivided 1/8th interest, in the mineral rights in and to the following described property, which is not under mineral lease from the State of Louisiana on June 12, 2002, situated in Cameron Parish, Louisiana, and being more fully described as follows: The East Half of the Northwest Quarter (E/2 NW/4) (80.0 acres) and the Northwest Quarter of the Northwest Quarter (NW/4 NW/4) (40.0 acres) of Section 32, Township 14 South, Range 15 West, Cameron Parish, Louisiana, adjudicated to the State in the name of J. H. Farber for 1931 unpaid taxes and in the name of Junior Oil Co. for 1931 unpaid taxes and sold to J. P. Crain and A. H. Crain on January 12, 1946, estimated to contain approximately **120.0 gross acres and 20.0 net acres**, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).  
NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease.

Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board from 10:00 a.m. to 3:00 p.m. Monday - Friday.  
Any mineral lease selected from the nominated tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

**TRACT 34462 - Cameron Parish, Louisiana** - All of the right, title and interest of the State of Louisiana, being an undivided 1/8th interest, in the mineral rights in and to the following described property, which is not under mineral lease from the State of Louisiana on June 12, 2002, situated in Cameron Parish, Louisiana, and being more fully described as follows:

**Township 14 South, Range 15 West**  
Section 32: Northeast Quarter (160.0 acres) and North Half of the Southeast Quarter (80.0 acres)  
Section 33: South Half of the Northwest Quarter (80.0 acres) and South Half (320.0 acres)  
Section 34: Southwest Quarter (160.0 acres) and Lot 8 (37.38 acres)  
**Township 15 South, Range 15 West**  
Section 3: Lot 4 (12.01 acres), Lot 5 (26.65 acres), Lot 6 (38.65 acres), Northwest Quarter of the Southeast Quarter (40.0 acres), West Half of the Northeast Quarter (80.0 acres), North Half of the Northwest Quarter (80.0 acres), Southeast Quarter (40.0 acres) of Section 32, Township 15 South, Range 15 West, Cameron Parish, Louisiana, adjudicated to the State in the name of J. H. Farber for 1931 unpaid taxes and in the name of Junior Oil Co. for 1931 unpaid taxes and sold to J. P. Crain and A. H. Crain on January 12, 1946, estimated to contain approximately **1,445.11 gross acres and 90.32 net acres**, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).  
NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease.

Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board from 10:00 a.m. to 3:00 p.m. Monday - Friday.  
Any mineral lease selected from the nominated tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

**TRACT 34463 - Cameron Parish, Louisiana** - All of the right, title and interest of the State of Louisiana, being an undivided 1/8th interest, in the mineral rights in and to the following described property, which is not under mineral lease from the State of Louisiana on June 12, 2002, situated in Cameron Parish, Louisiana, and being more fully described as follows:

**Township 14 South, Range 15 West**  
Section 34: All that part of the South Half of the Southeast Quarter lying East of Fort Sabine Military Reservation line (42.62 acres)  
Section 35: South Half of the South Half (160.0 acres)  
Section 36: South Half of the South Half (160.0 acres)  
**Township 15 South, Range 15 West**  
Section 1: North Half (320.0 acres)  
Section 2: North Half (320.0 acres) all that part of North Half of the Southwest Quarter lying east of Fort Sabine Military Reservation line (77.50 acres) and all that part of Lot 3 of the North Half of the Southwest Quarter (2.50 acres)  
Section 3: All that part of the East Half of the East Half lying east of Fort Sabine Military Reservation line (42.29 acres)  
**Township 14 South, Range 14 West**  
Section 31: Southwest Quarter (160.0 acres)  
**Township 15 South, Range 14 West**  
Section 6: Northwest Quarter (160.0 acres)  
The above described parcels were adjudicated to the State in the name of J. H. Farber for 1931 unpaid taxes and in the name of Junior Oil Co. for 1931 unpaid taxes and sold to J. P. Crain and A. H. Crain on January 12, 1946, estimated to contain approximately **1,445.11 gross acres and 90.32 net acres**, as shown outlined on a plat on file in the Office of Mineral Resources, Department of Natural Resources, as provided by the applicant. All bearings, distances and coordinates are based on Louisiana Coordinate System of 1927 (South Zone).  
NOTE: The above description of the tract nominated for lease has been provided exclusively by the party nominating the tract for lease.

Maps depicting the nominated tract, containing the bearings, distances and coordinates of the nominated tract based on the Louisiana Coordinate System of 1927, North or South Zone, as applicable, are available for public inspection and review at the offices of the Louisiana State Mineral Board from 10:00 a.m. to 3:00 p.m. Monday - Friday.  
Any mineral lease selected from the nominated tract and awarded by the Louisiana State Mineral Board shall be without warranty of any kind, either express, implied, or statutory, including, but not limited to, the implied warranties of merchantability and fitness for a particular purpose. Should the mineral lease awarded by the Louisiana State Mineral Board be subsequently modified, cancelled or abrogated due to the existence of conflicting leases, operating agreements, private claims or other existing of future obligations or conditions which may affect all or any portion of the leased tract, it shall not relieve the Lessee of the obligation to pay any bonus due thereon to the Louisiana State Mineral Board, nor shall the Louisiana State Mineral Board be obligated to refund any consideration paid by the Lessee prior to such modification, cancellation, or abrogation, including, but not limited to, bonuses, rents and royalties.

NOTE: The State of Louisiana does hereby reserve, and this lease shall be subject to, the imprescriptible right of surface use in the nature of a servitude in favor of the Department of Natural Resources, including its Offices and Commissions, for the sole purpose of implementing, constructing, servicing and maintaining approved coastal zone management and/or restoration projects. Utilization of any and all rights derived under this lease by the mineral lessee, its agents, successors or assigns, shall not interfere with nor hinder the reasonable surface use by the Department of Natural Resources, its Offices or Commissions, as hereinabove reserved.

RECENTLY ATTENDING A Louisiana Community Economic Development Seminar at the LSU AgCenter were Captain Sammie Faulk, Marsha Oakes and Randy Miller shown also is Dr. Paul Coreil, Vice Chancellor and Director of Louisiana Cooperative Extension Service.

# Cameron Outdoor News

By Loston McEvers

## C.C.A. TOURNAMENT OPENED

I guess the most talked about thing this past Memorial Day weekend, was the opening of the Coastal Conservation Association S.T.A.R. tournament which runs through September 2. Competition for the largest speckle trout of the month, the largest speckle trout for the year, the tagged red fish, which all carries a price of boat rig, had many anglers hit Big Lake Saturday.

We tried the lake Friday, but only caught one speck, but did manage to catch a few redbfish, all measuring around 17 to 18 inches in length. We also caught a few flounders, however the lake was rough and the winds blowing 10 to 15 mph. We did see a nice speck caught along side of us by a guide boat that was surely over 6 pounds.

The word I got on Saturday that Capt. Vince Theriot from Grand Chenier caught one speck over 8 pounds, which he released. His clients did catch fish of 5 & 6 pounds.

Quention LeBouf of Creole hung in there Saturday and caught several nice trout, but just before dark boated a 9 pound 8 ounce trout and that will sat the pace as that fish as of Sunday morning was in the lead.

## LEMESCHE BASS CLUB NEWS

The Lemesche Bass Club held their third club tournament of 2002 last Sunday, fishing out of the Big Burn. Winds died down and it was a hot day and a tough day for bass fishing. Stringers were light and fish numbers were down, however the first place team, Richard Duhon and Rod Richard had 5 bass weighing 9 pounds and the largest bass 3.03. Second place went to Ricky Canik and Scotie Troclair with 5 bass 4.93 and second largest bass 1.81. Third place went to Loston McEvers and Tom Hess, 4 bass 4.05 and third largest bass 1.72. fourth place Darren Richard and Carl Broussard 3.34, fifth Johnny LeDoux and George Melancon 2.77 and sixth Jeb Linscombe. Fourth largest bass was George and Johnny and fifth largest bass was Jeb Linscombe. Largest choupique Loston and Tom.

There were some misfortunes for the tournament, as my motor went out at 9:30 which blew our day as we started in on our troll motor and with the help of cell phones, called and Richard Duhon towed us in the rest of the way.

Darren Richard and Carl Broussard had the same bad luck as Darren's motor froze up around 9 o'clock and they called for help, got in and got another boat and continued fishing. Like Sue said many times, fishing is a high price hobby.

## GIBBSTOWN DOGFIGHT

The official weights for the May 13 Gibbstown Dog Fight were:

1st team - Danny Demary and doug Logan, 3 fish, 6.68 lbs.  
2nd team - Todd Conner and Jeff Wainwright, 3 fish, 5.09 lbs.  
3rd team - Darren Richard and Quention LeBouf, 3 fish, 4.35 lbs.

1st largest bass - Joey Eagleman and James Sanders, 2.89.

2nd largest bass - Todd Conner and Jeff Wainwright, 2.68.

## "EXHIBIT A"

NOTICE OF SPECIAL ELECTION  
 Pursuant to the provisions of a resolution adopted by the Board of Commissioners of Cameron Parish Water and Wastewater District No.

One, Cameron Parish, Louisiana, the governing authority of the District, on May 3, 2002, NOTICE IS HEREBY GIVEN that a special election will be held in Cameron Parish Water and Wastewater District No. One, Cameron Parish, Louisiana, on Saturday, July 20, 2002, and that at said election there will be submitted to all registered voters of said Parish qualified and entitled to vote at the said election under the Constitution and laws of the State of Louisiana and the Constitution and laws of the United States, the following Proposition, to-wit:

**PROPOSITION**  
 SUMMARY: AUTHORITY FOR CAMERON PARISH WATER AND WASTEWATER DISTRICT NO. ONE, NEWLY CREATED BY COMBINING THE WATER AND SEWER DISTRICTS USING THE SAME BOUNDARIES AS THE WATER DISTRICT, TO COLLECT, FOR 10 YEARS, A TAX OF NINE AND FORTY HUNDREDTHS MILLS PER ANNUM FOR OPERATING AND MAINTAINING SAID DISTRICT'S WATER AND WASTEWATER SYSTEMS WITHIN AND FOR SAID DISTRICT. ALL CURRENT AND FUTURE FUNDS, REVENUE, AND AD VALOREM MAINTENANCE TAXES WILL BE COMBINED UNDER THE NEW NAME, CAMERON PARISH WATER AND WASTEWATER DISTRICT NO. ONE. ALL CURRENT AD VALOREM TAXES BEING COLLECTED WILL BE ABOLISHED.

Shall Cameron Parish Water and Wastewater District No. One of the Parish of Cameron, newly created by combining the water and sewer districts using the same boundaries as the water districts, be authorized to levy a tax of nine and forty hundredths (9.40) mills on the dollar of assessed valuation on all property subject to taxation in said District, for a period of ten (10) years, commencing with the year 2002, for the purpose of operating and maintaining said District's water and wastewater systems within and for said District? All current and future funds, revenue, and ad valorem maintenance taxes will be combined under the new name, Cameron Parish Water and Wastewater District No. One. All current ad valorem taxes being collected will be abolished.

NOTICE IS HEREBY FURTHER GIVEN that said special election will be held at the polling places set forth below, all situated within Cameron Parish Water and Wastewater District No. One, Cameron Parish, Louisiana, which polls will open at six o'clock (6:00) a.m. and close at eight o'clock (8:00) p.m., in compliance with the provisions of Section 541 of Title 18 of the Louisiana Revised Statutes of 1950, as amended (R.S. 18:541):

**ELECTION DISTRICT 1;**  
 PRECINCT 2, CAMERON PARISH POLICE JURY ALLANEX CAMERON, LOUISIANA  
**ELECTION DISTRICT 6;**  
 PRECINCT 1, OUR LADY OF THE SEA ALLCATHOLIC CENTER CAMERON, LOUISIANA

NOTICE IS HEREBY FURTHER GIVEN that the said special election will be held in accordance with the provisions of the Louisiana Election Code (Title 18 of the Louisiana Revised Statutes), including Chapter 6-A thereof, and other constitutional and statutory authority supplemental thereto. Such officers appointed to hold the said election, and such substitutes therefor as are selected and designated in compliance with law, will make due returns thereof to the Clerk of Court of Cameron Parish and to the Board of Commissioners of Cameron Parish Water and Wastewater District No. One, Cameron Parish, Louisiana, the governing authority of said District.

NOTICE IS HEREBY FURTHER GIVEN that the commissioners-in-charge duly certified by the Clerk of Court of Cameron Parish and selected by the Parish Board of Election Supervisors as provided for in R.S. 18:433, as amended, are hereby designated as the commissioners-in-charge to serve at the polling places designated in the election herein called. The commissioners of election and alternate commissioners of election shall be appointed by the Cameron Parish Clerk of Court, in accordance with R.S. 18:1286, as amended. In the event the election herein called is held at the same time as the election of public officials the commissioners and alternate commissioners shall be those commissioners and alternate commissioners selected for the election of public officials, in accordance with R.S. 18:1286, as amended.

NOTICE IS HEREBY FURTHER GIVEN that the Board of Commissioners of Cameron Parish Water and Wastewater District No. One, Cameron Parish, Louisiana, the governing authority of said District, will meet at its regular meeting place, the Cameron Parish Water and Wastewater District No. One's Waterboard office Cameron, Louisiana, on Thursday the 25th day of July, 2002, at 6:00 PM, and will then and there, in open and public session, proceed to examine and canvass the returns as certified by the Clerk of Court of Cameron Parish, Louisiana, and declare the result of the said special election.

All registered voters of Cameron Parish Water and Wastewater District No. One, Cameron Parish, Louisiana are entitled to vote at said special election and voting machines will be used in the conduct of the election.  
 THUS DONE AND SIGNED on this, the 3rd day of May, 2002.

## THE WATER WE DRINK

Cameron Par. W Dist. #7  
 Public Water Supply ID 1023003  
 We're pleased to present to you this year's Annual Water Quality Report. This report is designed to inform you about the quality of water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to

understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. Our water sources are 3 wells.

We will soon have a source water protection plan available from our office, that provides more information, such as potential sources of contamination to the water supply. This assessment will include a delineated area around our wells (or intakes) through which contaminants, if present, could migrate and reach our source water. It also includes an inventory of potential sources of contamination within the delineated area, and a determination of the water supply's susceptibility to contamination by the identified potential sources. When the assessment has been completed for this system, you will be notified through the annual water quality report.

We are pleased to report that our drinking water is safe and meets federal and state requirements. If you have any questions about this report or concerning your water utility, please contact Jennings Clark at (337) 542-4718. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are generally held monthly and you can call us at the above telephone number for a specific place, date and time.

The Louisiana Dept. of Health/Office of Public Health, routinely monitors for constituents in your drinking water, according to Federal and State laws. This table shows the results of our monitoring for the period of January 1st to December 31st, 2001. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some constituents. It's important to remember that the presence of these constituents does not necessarily pose a health risk.

In this table you will find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions:

Non-Detects (ND)-laboratory analysis indicates that the constituent is not present.

Parts per million (ppm) or Milligrams per liter (mg/l)-one part per million corresponds to one minute in two years or a single penny in \$10,000.

Parts per billion (ppb) or Micrograms per liter - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

Parts per trillion (ppt) or Nanogram per liter (nanogram/l) - one part per trillion corresponds to one minute in \$10,000,000,000.

Parts per quadrillion (ppq) or Picograms per liter (picograms/l) - one part per quadrillion corresponds to one minute in 2,000,000,000 years or one penny in \$10,000,000,000.

Picocuries per liter (pCi/L) - picocuries per liter is a measure of the radioactivity in water.

Millirems per year (mrem/yr) - measure of radiation absorbed by the body.

Million Fibers per Liter (MFL) - million fibers per liter is a measure of the presence of asbestos fibers that are longer than 10 micrometers.

Nephelometric Turbidity Unit (NTU) - nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.

Variances & Exemptions (V&E) - State or EPA permission not to meet an MCL or a treatment technique under certain conditions.

Action Level - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

Treatment Technique (TT) - (mandatory language) A treatment technique is a required process intended to reduce the level of a contaminant in drinking water.

Maximum Contaminant Level - (mandatory language) The "Maximum Allowed" (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

Maximum Contaminant Level Goal - (mandatory language) The "Goal" (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

We did not detect the presence of any regulated compounds in our source water. During 2001 there were no new analytical results or violations for our public water system (PWS).

Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers.

Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Please call our office if you have any questions.

We at Cameron Par. Ww. Dist. #7, work around the clock to provide top quality water to every tap as stated by (337) 542-4718. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future.
