Principal

Pam LaFleur

Parents are their children's first and most influential teachers. What parents do to help their children learn is more important to academic success than most other factors.

Please take the time to work with your children. Know what they are doing, and give them the encouragement they need.

School Board Member

Betty Seay

Success is speaking words praise,
In cheering other people's ways, In doing
just the best you can, with every task
and every plan. It's silence when your
speech would hurt, Politeness when
your neighbor's curt, It's deafness when
the scandal flows, And sympathy with
others' woes, It's loyalty when duty
calls, It's courage when disaster falls.,
It's patience when the hours are long,
It's found in laughter and in song, It's
in the silent time of prayer, In
happiness and in despair, In all of life
and nothing less. We find the thing
we call success.
