DEDICATION

Grand Lake High School

PEARL LEACH, principal of Grand Lake High School, is pictured receiving the 1990 Achievement Award of the Louisiana School Incentive Program. Presenting the award are Dr. John Bertrand, president of BESE at right and Dr. Wilbur Cody, State Superintendent of Education at left.

We, at Grand Lake School, are very excited over our selection as one of the Achievement Award winning schools. Our awards will be a flag to fly at school, a framed certificate, and a cash award of \$1,000.00.

Some of the points which were favorable for our school were the fact that our average class size for grades K to 12 ranged from 18.6 to 19.0 students per class. This compares to a state average of 22 to 24 students per class. Also more than 66% of our current teaching faculty have gone back to further their college education and have better than a bachelor's degree. Also, several others are currently working on advanced degrees. Another positive mark for our school is that we have almost 96% of our students attending school daily. This compares to the state average of 93.7%. Also our suspension rate was 1% as compared to a state average of 10.3%.

Our low pupil/teacher ratio, as well as the factors mentioned above, has resulted in all current 11th and 12th graders passing the Graduation Exit Exam (LEAP).

Our students scored an average of 22.4 on the ACT as compared to the state and national averages of 19.0 and 19.4.

Grand Lake could not have accomplished this great honor without the dedication of the faculty, support personnel, the community, central office, and school board members. A special thanks go to the following:

Also to our Students and their Parents !

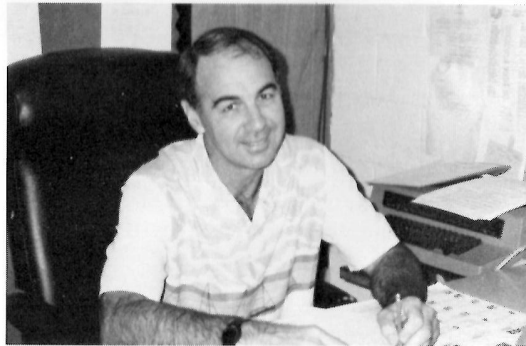

Congratulations Grand Lake students, faculty, staff and parents on a great school year. It was a great honor to be chosen #1 by the State Department of Education to receive the State Academic Achievement Award this year. Sports was great with both boys and girls in the state basketball playoffs and a State Track Winner, too. I would like to say thanks to everyone that helped make 1992 an outstanding year.

Sincerely,
Pearl Leach

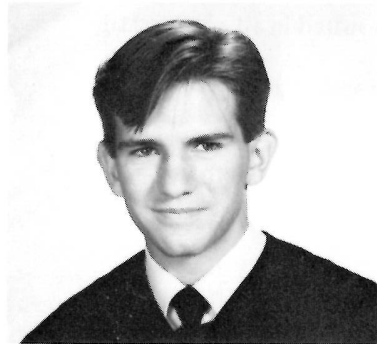

Another year has come and gone. As we look back on the year may our memories be happy ones. May the joys of this school year stay with us for a lifetime.

J. Melanson

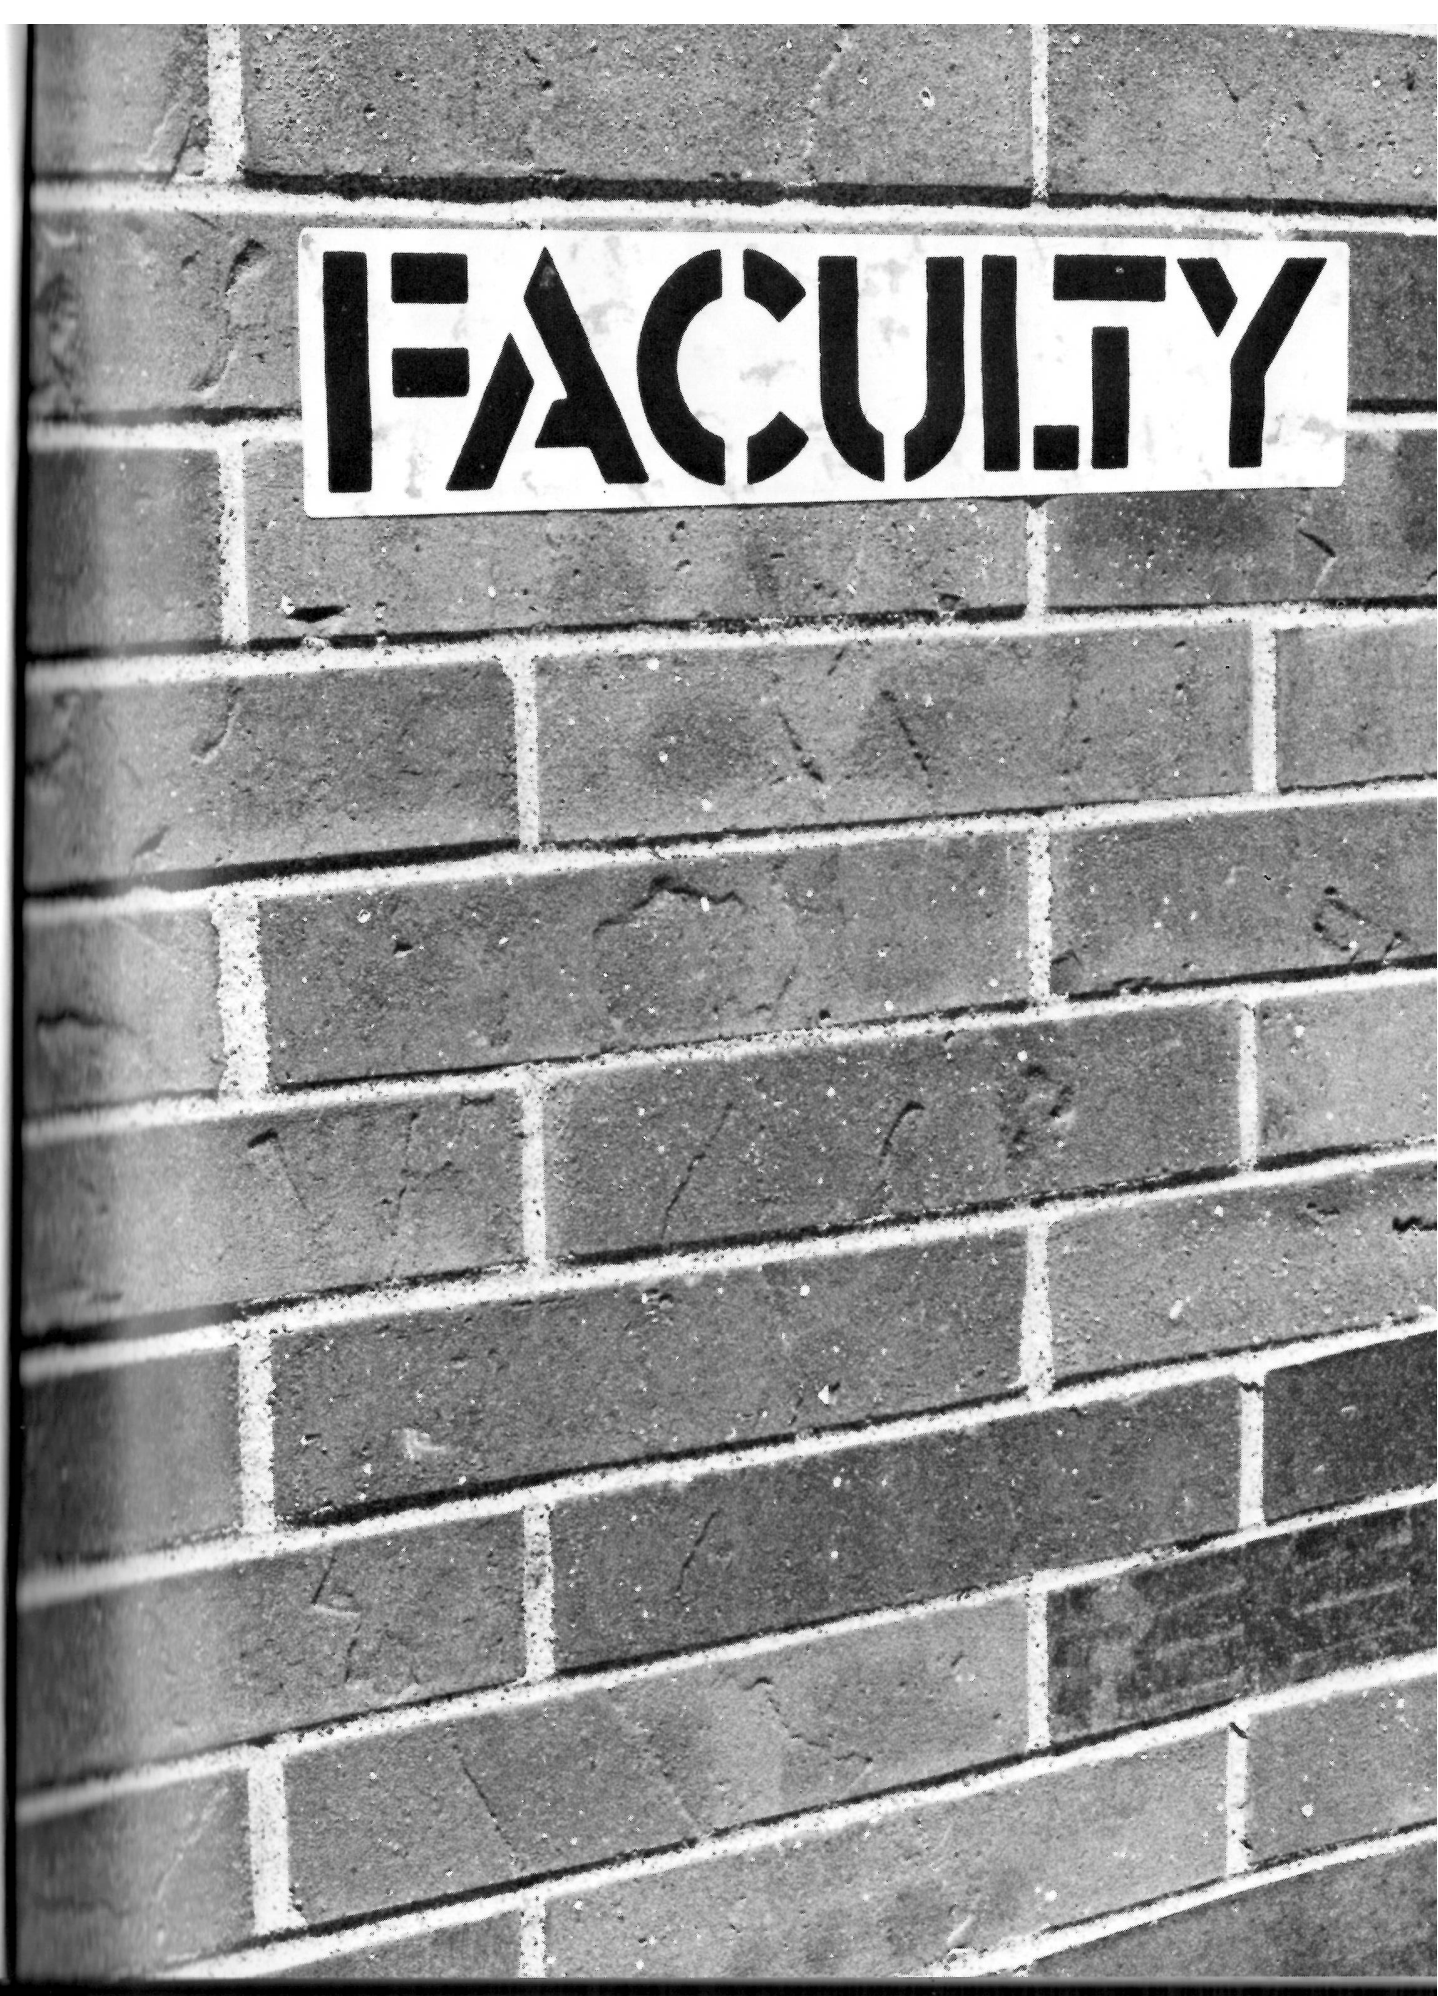

It is the end of the year once again, a time to reflect back on past memories. Working on the Hornet Annual, I have had the opportunity to capture these moments and record them in the annual. I hope you enjoy this year's edition and recapture your joyous moments of the 1991-92 year.

Chad Sullivan
Editor

What a great year! We, as students, have accomplished so much and are looking forward to even more victories in the future. I hope you enjoy this yearbook as you remember the good times, but don't forget to keep making more memories!

The Queen And Her Court

This year's Homecoming Queen is Amanda Broussard. Amanda is the daughter of Mr. and Mrs. Larry Broussard. Amanda was voted Miss Grand Lake this year. She is also an active student here at Grand Lake. She has contributed to many organizations.

Amanda was involved in FBLA and has been on the girls varsity basketball team since she was in the 8th grade. Amanda has shown great qualities that have benefited our school in many ways, such as her outstanding ability to be a leader.

Graduation

A GRADUATE'S PRAYER

Father, I have knowledge,
So will You show me now
How to use it wisely
And find a way somehow
To make the world I live in
A little better place...
And make life with its problems
A bit easier to face--
Grant me faith and courage
And put purpose in my days--
And show me how to serve Thee
In the most effective ways
So all my education,
My knowledge and my skill,
May find their true fulfillment
As I learn to do Thy Will.
And may I ever be aware
In everything I do
That knowledge comes from learning--
And wisdom comes from You.

This was the girls favorite part of Little Dribblers.

Lance McFarland fights for first place at the Parish wrestling meet.

Was this the halftime show or the team?

The Little Dribblers boys show us male bonding.

ADVERTISING

Take an After-dinner Tour of the World

Have you—and your family ever toured the world, of an evening? You can. You can go to Venice, to Holland, to Spain and Morocco. You can sail the Grand Canal of the old Venetian city of gondolas and there you can see the diamond-cut towers of St. Mark's, the silver cathedrals of old Genoa, old castles, old churches and the land of legends deep in the mountains of the Alps.

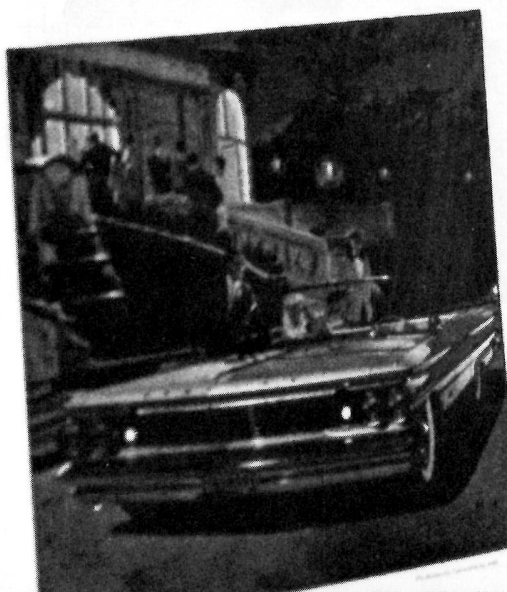

You need only a Rand McNally Atlas of the World and you may sail where you will—in Hongkong, Rome, to the Straits Settlements, to Cape Town, Canton and Shanghai—and be back by bedtime. Here is an education for the whole family that runs ready into a game and sharp interest and understanding in old or young.

Every home should have a Rand McNally Atlas of the World. It is informative. It is fascinating. It is a knowledge, valuable, usable knowledge of the disposal of every member of the family. It answers a thousand—ones. It furnishes a thousand subjects for study and discussion—at home or in a gathering of men and women abroad. There are new countries now, to name old facts. If you've never owned an atlas, you ought to own one now—a Rand McNally. It is filled with a wealth of new data that will astonish you.

RAND McNALLY & COMPANY
Map Headquarters

316 N. Clark Street, Chicago 17, Ill. 310 West Street, New York

1922 Rand McNally was our first book publishing advertiser.

Beware of Fat

Do you know whether you weigh too much? It is not a question of vanity, but of health. Fat is a menace to health. It is a burden on the heart and lungs. It is a source of weakness and a cause of disease. It is a danger to life.

What is the right weight? Experts who studied the matter of weight in an attempt to find an average. They found that the average weight of a man is 150 pounds and that of a woman is 120 pounds. These averages have been used for many years. But now a new standard has been set.

Up to 1927, the only way to know if you were fat was to weigh yourself. But now you can know by looking at your face. The face is a mirror of the body. If the face is round and full, it is a sign of fat. If the face is thin and sharp, it is a sign of health.

To know whether you are fat, look at your face. If it is round and full, you are fat. If it is thin and sharp, you are not. This is a simple test that can be made at home. It is a test that is sure and reliable.

A business up a new level

The Key to a BRIGHTER FUTURE

We congratulate the Staff and Students alike for their pursuit of excellence through education in this school year. Just as education can open doors to a bright future, we believe a wise savings program can be the key to securing your life style both today and tomorrow. Start now and make savings a habit for life.
