foreword

As editors of the 1972 MUSTANG we feel that we have obtained the understanding of leadership, cooperation, and responsibility. We would like to thank Mrs. LaFleur for devoting her time and efforts toward guiding us in the right direction. We hope you, the reader of our yearbook, will receive as much enjoyment as we have in preparing it.

dedication

It is with a great deal of pride that the Yearbook Staff dedicates this 1972 "Mustang" to Mr. and Mrs. Krumm.

Mr. and Mrs. Krumm have devoted their lives to young people. They have both served unselfishly as teachers for many years.

In addition, the staff would like to thank Mr. Krumm for his time and efforts in working with the yearbook staff for a number of years.

We, the staff, sincerely hope that this yearbook will provide you with many moments of pleasure in the years to come.

PRINCIPAL'S MESSAGE

Our 1971-72 school session was, in my opinion, a good school session. I take this opportunity to thank our community, our School Board, our Superintendent, our School Board Office Staff, our faculty and staff, and last but by no means least (for it is for them that all of our work is directed), our students for the co-operation, help, and understanding that has been extended to me during this past school session.

Once more, I compliment our Yearbook Staff and Sponsor for their efforts toward providing us with a yearbook. I am sure that we will all cherish it for many years to come.

Finally, I offer the following thoughts to all who read this message.

"Today comes only once, and never again returns." - Schopenhauer

"If you are alive and happy today, that is enough. Tomorrow never comes until it is today. There is no reason why each succeeding day should not be as happy, or happier, than your yesterdays ..." Sherman

SCHOOL BOARD MEMBER'S MESSAGE

I would like to extend my congratulations to the Principal, Staff, and Faculty of our fine school for another successful year.

In addition, I would like to compliment the students on their many achievements during this past school year. We are fortunate to have such an outstanding group of young people.

I would like to thank the people of Hackberry for their help in making the 1971-72 school year at Hackberry High School a year to be proud of.

It is my sincerest wish that the years to come will be even more successful.

pelican state

Yolanda Seay

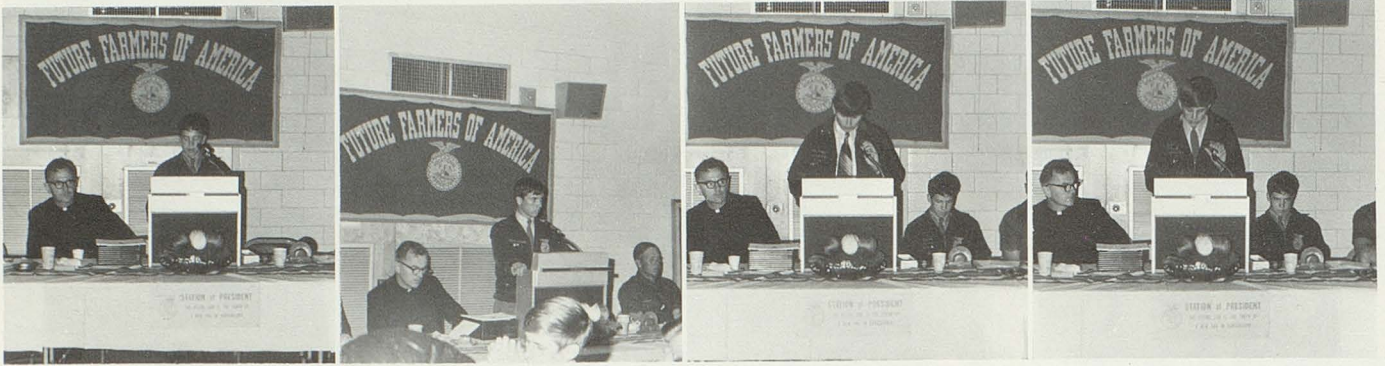

Tom Riggs

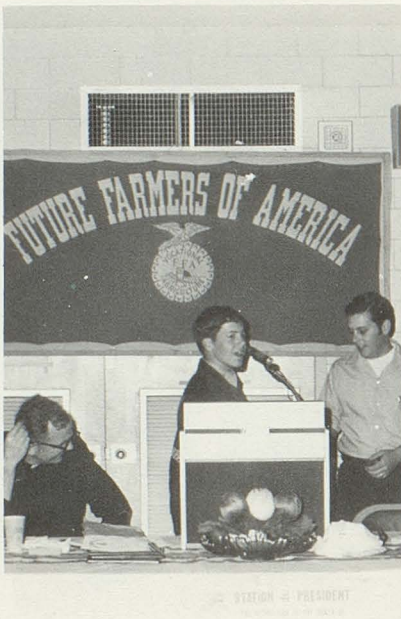

The objective of Pelican State is to educate our youth in the duties, privileges, rights and responsibilities of American citizenship. It is wholly a plan for training in the practical mechanics of government. Applications of the principles of democratic government are made in every possible way. The Constitution and the statutes of the state of Louisiana are the pattern from which the fundamental law of Pelican State has been developed. Pelican State should be regarded as being a mythical fifty-first state with a constitution, statutes, and ordinances constructed by its citizens to govern themselves.
