Dedication

We, the Staff of the 1958 Wildcat, take great pleasure in dedicating this annual to Mrs. Cox, who has long rendered her services to the teaching profession. Her sympathetic understanding and fairness have endeared her to the students of Johnson Bayou High and to the surrounding community.

Principal's Message

Dear Students:

An annual serves as a record of past accomplishments. It is a book of memories. As such, it does not reflect the true temper of the nation and world democracy that we hold so dear in facing a severe test at home and abroad. Many of the values your school has tried to impart become increasingly more important.

As you take your place in the world, remember that the most vital component part of democracy is human relations - respecting the dignity and the integrity of the individual and the group.

May your future be so planned and managed that the important experiences of your life will bring you both honor and satisfaction.

Sincerely yours,

Dean E. Miller
