

REBEL

THE REBELS

1973

**Johnson Bayou
High School**

**Johnson Bayou,
Louisiana**

Foreword

With this 1973 Rebel we have tried to bring an accurate account of the highlights of the past year.

We hope this book will remind you of your happy school days and signify honest effort, school spirit, and love for Johnson Bayou High School.

If, in the years to come, you benefit one moment's pleasure from this cyclorama of your past, then we have not labored in vain.

On behalf of the faculty, student body, and community, the 1973 Rebel Staff would like to thank Mr. W. R. Smith for serving Cameron Parish and Johnson Bayou the past years. During his diligent service as elementary supervisor and superintendent, he was an educator who was consistently aware of Johnson Bayou - its pupils, its community, and their needs.

Dedication

Miss Margaret Owen will always be remembered by the students and faculty of Johnson Bayou High because of her ready sense of humor, her willingness to join in fun, and her active interest in the students and their activities. Miss Owen has shown her respect and concern for students not only by sponsoring The Rebels four out of five years at Johnson Bayou High School, but also by her everyday dealings with students, and by her enthusiastic classroom teaching. Because she has become such a genuine part of Johnson Bayou High, we wish to dedicate the 1973 Rebel to Miss Margaret F. Owen.

This poem, we think, expresses her philosophy.
From The Prophet by Kahlil Gibran

Then said a teacher, Speak to us of Teaching.
And he said:
No man can reveal to you aught but that which already
lies half asleep in the dawning of your knowledge.

The teacher who walks in the shadow of the temple,
among his followers, gives not of his wisdom but rather of
his faith and his lovingness.

If he is indeed wise he does not bid you enter the house
of his wisdom, but rather leads you to the threshold of your
own mind ...

And even as each one of you stands alone in God's knowl-
edge, so must each one of you be alone in his knowledge of
God and in his understanding of the earth.

Principal's Message

Every school within our nation has an imperative mission these days: to help prepare its students for life in a society composed of many different cultural and ethnic strands. The extent to which the school equips its young people to work and to live within our country depends in large upon the type of instruction we have.

We feel that the backbone of the academic part of our school is the faculty. They are the core - the heartbeat of any school system. Each teacher strives to prepare the individual student for life.

I am reminded as I pass these thoughts to you of Thomas Huxley's quotation:

Perhaps the most valuable result of all education is the ability to make yourself do the thing you have to do, when it ought to be done, whether you like it or not; it is the first lesson that ought to be learned; and however early a man's training begins, it is probably the last lesson that he learns thoroughly.

It is my sincere wish that the pages of this annual have revealed some of the treasured moments of your many associations and activities while a student of Johnson Bayou High School. You should have a deeper understanding of the true character of your school and the many things it attempts to do for you as students.

Sincerely,

Jerry W. McDonald

So What!!

**Getting out this yearbook is no picnic.
If we print jokes, people say we're silly;
If we don't, people say we are serious.
If we clip from other books,
We are too lazy to write it ourselves;
If we don't, we are stuck on our own stuff.
If we stick to the job all day,
We ought to be out hunting pictures;
If we do get out and hustle,
We ought to be putting first things first.
If we don't print contributions,
We don't appreciate true genius;
If we do, the book is filled with junk.
If we make a change in a fellow's write-up,
We are too critical;
If we don't, we are asleep.
Now, like as not someone will say
We swiped this from some other book . . .**

We did!

The Last Word . . .
