Dedication

Our dedication is to 'The Spirit of Education,' and we would like to share our feelings of education with you by using quotes of famous men.

"Education commences at the mother's knee, and every word spoken in the hearing of little children tends toward the formation of character. Let parents always bear this in mind."

H. Ballou

"Educate your children of self control, to the habit of holding passion and prejudice and evil tendencies subject to an upright and reasoning will, and you have done much to abolish misery from their future lives and crimes from society."

Daniel Webster

"Education is a companion which no misfortune can depress - no crime destroy - no enemy alienate - no despotism enslave, At home, a friend; abroad, an introduction; in solitude, a solace; and in society, an ornament. Without it, what is man? - a splendid slave, a reasoning savage."

Varle

"It is on the sound education of the people that the security and destiny of every nation chiefly rest."

Kossuth

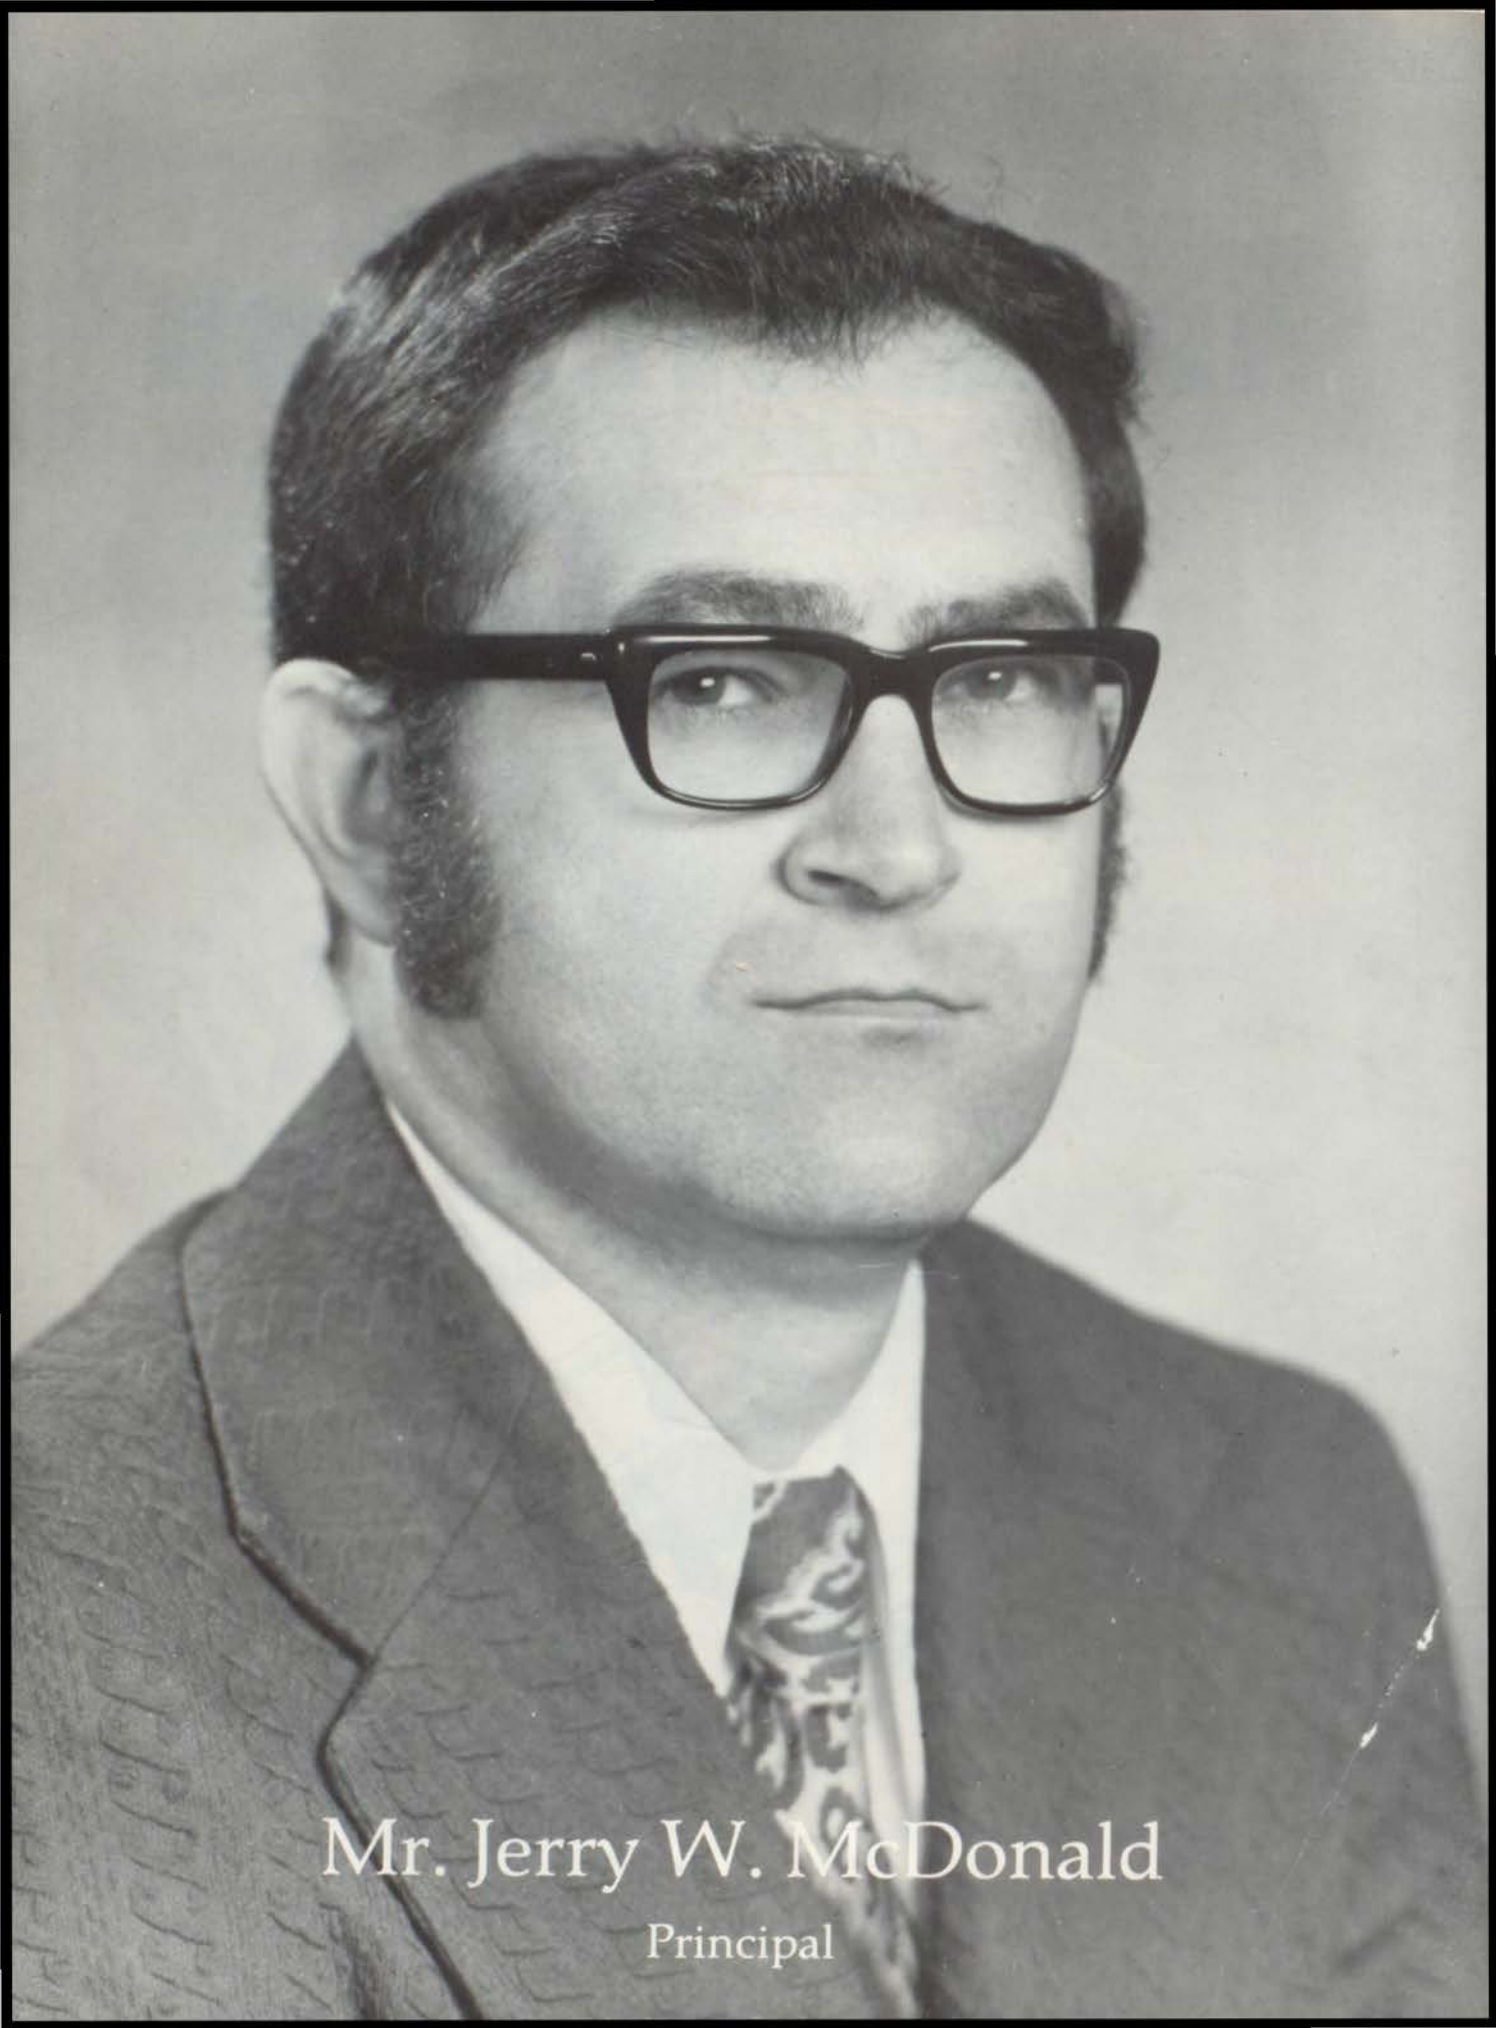

"A man cannot leave a better legacy to the world than a well-educated family."
