In perpetual memory of those who gave their lives in the tragedy that struck this community June 27, 1957, in order that those who survived may be inspired by the will and spiritual strength to rebuild this community and make it a nobler place in which to live, we humbly but proudly dedicate The Tarpon of 1958-59 to the students of South Cameron who perished † in the storm. †

## PRINCIPAL'S MESSAGE

Alexander Pope once wrote, "A little learning is a dangerous thing!" It is my wish that you will never be content with "a little learning", but you will go through life in quest of additional knowledge to serve not only yourselves but all mankind. You are taking your first steps in acquiring knowledge under the guidance of your teachers. Soon you will be thrown upon your own resources without parental care or educational supervision. In the words of Pope, "Drink deep, or taste not the Pierian spring."

# CLASS PROPHECY

Dear friends who have gathered here to share with us the last precious hours as the Class of 1959 of this school, we bring before you a wonderful new discovery.

Among the great inventions of our day is one that enables us to look into the future through the medium of the ear rather than the eye, through the projection of certain mechanical devices and keenly attuned instruments into the realm of the unknown, unforeseen and unanticipated. This, in brief, is the Radiofuture.

You will be amazed, I am sure, as you listen, to find that many of your predictions concerning members of this class are altogether contradicted by the proof of what is to be, as given by this marvelous instrument; in some cases mayhap you will be overjoyed that your hopes and dreams for these earnest and ardent youths and maidens are to be realized.

To you, my classmates, I give a word of warning. Square your shoulders for the revelations soon to be unfolded, brace yourselves for the shocks and surprises awaiting you. If you are so unfortunate as to learn of an undesirable fate, do not seek to evade the inevitable destiny, as revealed, by any rash steps, such as self-destruction, on your way from this building, for, I assure you, it would be of no avail. In the words of the sage, "What is to be, will be, if it never comes to pass."

We see Pat O'Donnell reigning as Miss America at the 1960 World's Fair.

Waldon Montie is now pitching for the Brooklyn Dodgers and getting much competition from the Cleveland Senators managed by Leonard Richard.

Glenda Derouen is a captain in the United States Air Force and her recruiting sergeant is Mortimer Dyson.

Benny Welch has established his photographer's studio on Main Street in Little Chenier; his receptionist is Viola Boudreaux.

Kenneth Dupont is now chief engineerman on the Baltimore Oriole which now runs daily through Cameron.

Gerald Bonsall and Beverly Nunez have settled down on their five hundred acre ranch and are now raising goats for a living.

Mona Rae Theriot is now a fashion designer and her name is seen in bright neon lights in the metropolis of Grand Chenier.

Peggy Bertrand is the only school teacher left in the little red school house. She is to keep the old story alive.

Wilson Conner recently bought the Cameron Pool Hall and is full time manager of the Hamburger stand found at the entrance.

Olga Vincent is the only elevator operator at the Waldorf Astoria. She's still having her ups and downs.

It has taken Emma Lee Clement but a short time to gain her degree of success in the nursing career. She is head nurse in the new V. F. W. Hospital at High Island.

Joseph Sedlock is now a deep sea diver at the Gulfarium just completed off the coast of Hackberry Beach.

This is the future in brief of this brilliant group of seniors who are now passing through the portals of this higher institute of learning.

# CLASS WILL

We, the Senior Class of South Cameron High School, Parish of Cameron, and State of Louisiana, being of unsound mind and disintegrating memory after four strenuous years, do hereby make, publish and declare this our last and best will and testament, hereby revoking all former wills, bequests, and devises of whatever nature by us already made.

FIRST: To our much-loved teachers each and every one, we bequeath a yearly annuity of examination papers to grade, notebooks to correct and averages to make.

SECOND: To the library we bequeath all the funny books, True Story Magazines and other junk we prized so highly and read so carefully all year.

THIRD: To the Junior Class following us, we bequeath the privilege of being Seniors and lording it over the younger ones. We also leave to this class our sponsors, Mrs. Ricks and Mr. Broussard.

In addition we leave the following small bequests to the Juniors

ITEM 1-The Senior Play, Prom and all other Senior Festivities.

ITEM 2-The publication of the annual, together with shattered nerves and ruined dispositions.

FOURTH: To the Sophomore class we leave our quick wits and our ability to play hooky without getting caught. We also bequeath you the right to warn and guide our youngest sisters, the Freshman class.

FIFTH: To the Freshmen we leave our example, our love and our hearty good wishes, our ability to absorb English, science, math and all other subjects which are now beyond their undeveloped mental capacities.

SIXTH: In addition to the foregoing gifts we do hereby leave the following personal bequests:

1. Mona Rae Theriot leaves her marriage license to Carolyn Montie, feeling that some day she may wish to use it.
2. Olga Vincent leaves the carbon copies of her business math tests to Bobby Doland and Coral Lee Crain.
3. Peggy Bertrand leaves her untidy locker, filled with wastepaper to Lucille Miller.
4. Pat O'Donnell leaves her affection for Kenny Dupont to Polly Reon.
5. Glenda Derouen leaves her ability to "win friends and influence people" to Bernice LaBove.
6. Benny Welch leaves his ego to Melvin Boudreaux.
7. Morty Dyson leaves his girl friends to Wayne Whatley.
8. Waldon Montie leaves his friendship with Mr. Pete Theriot to Buddy Richard hoping Blue Blades will clear it up.
9. Gerald Bonsall leaves Wilda Mae to Coke Daigle.
10. Kenny Dupont leaves his close friendship with Mrs. Cohen to Ray Burleigh.
11. Wilson Conner leaves his oil wells to John Clement so that John will not have to work so hard.
12. Beverly Nunez leaves her ability to skip class without punishment to Barbara Lane Dugas.
13. Joe Sedlock leaves his ability to make girls cry to Gerald Conner.
14. Viola Boudreaux leaves her perfect attendance record to Rose Mary Quebodeaux.
15. Leonard Richard leaves his pitching skill, especially his curve ball, to Earl Daigle.
16. Emma Lee Clement has nothing to leave as it took all she had to graduate.

Having bequeathed all that we possess, have possessed and expect to possess, we hereby appoint Mr. D. P. Broussard and Coach Alton Magee as executors of our last will and testament. In witness whereof, we have hereunto set our hands and seals this 29th day of May, A. D., 1959.
